Space Enterprise:

The Space Enterprise G. Harry Stine, 1982-01-01 Surveys the history and predicts the future of the commercial development of space identifying the areas of activity as communications manufacturing energy materials and people

Space Enterprise Phillip Harris, 2009-12-29 In *Space Enterprise Living and Working Offworld* Dr Philip Harris provides the vision and rationale as to why humanity is leaving its cradle Earth to use space resources as well as pursuing lunar industrialization and establishing offworld settlements As a management space psychologist Dr Harris presents a behavioral science perspective on space exploration and enterprise In this his 45th book Phil has completely revised and updated the two previous editions of this classic placing new emphasis on the need for more synergy and participation by the private sector He not only provides a critical review of what is happening in the global space community but offers specific strategies for lunar economic development The author analyzes the human factors in contemporary and future space developments especially relative to the deployment of people aloft This user friendly volume offers numerous photographs diagrams exhibits and case studies

Improving Acquisition to Support the Space Enterprise Vision Yool Kim, Guy Weichenberg, Frank Camm, Thomas C. Whitmore, 2020-09-15 The *Space Enterprise Vision SEV* developed jointly by Air Force Space Command AFSPC and the National Reconnaissance Office in 2015 describes an integrated approach to building a force across all space mission areas coupling the delivery of space capabilities with the ability to defend space capabilities Achieving this vision requires reducing acquisition time lines and improving integration of the space enterprise Given that the SEV requires a departure from the way space systems are currently acquired AFSPC headquarters and Space and Missile Systems Center SMC asked RAND Project AIR FORCE PAF to assess key barriers to realizing the SEV and recommend ways to overcome those barriers to help achieve the SEV goals The research team examined a range of potential approaches to support the goals of the SEV based on a literature review and semistructured interviews with acquisition subject matter experts and sponsor guidance PAF identified several promising alternative acquisition approaches that merit in depth examination in this project modular open system architectures MOSA agile acquisition rapid prototyping These concepts are not new but implementing them in a Department of Defense DoD setting is challenging for a variety of reasons Therefore the examination focuses on likely challenges to implementation and recommendations to overcome them to improve the likelihood of success should these acquisition approaches have a role in the SEV Each of these acquisition approaches can be implemented independently but there are instances in which they may be used synergistically as illustrated in the body of the report
