God's Bible in Spanish Emanuel Rodriguez,2011 Until now no Spanish Bible was completely free from corrupted Alexandrian texts Here s the fascinating story of the making of the Reina Valera G mez Bible RVG the first Spanish Bible to faithfully follow the Received Text in every single verse Learn the true motives and desires of those behind this work The book also includes a 44 page chart showing corruptions that found their way into Spanish Bibles and how they are corrected in the RVG 2010

Guia Del Viajero Biblico Tom Castor,2020 Have you ever visited a far away place Have you gone to a place where you had never been before A trip like that can be fun But it can also be frighten ing You could get lost because you do not know your way This is especially true if there is no one to ask for help The best way to visit a new place is to have a guide It is even better if the guide is a friend A friend can help you find your way Sometimes if you do not have a guide the next best thing to have is a map There are many different kinds of maps Some maps show every detail They show how tall the mountains are and show each turn and bridge along the way But there are other kinds of maps as well Sometimes a friend may draw a map for you on a small piece of paper This map will not show every detail But it will give you enough information to help you find your way It can help you get back on the right road if you are lost This book is like a map It is like the map that a friend might draw on a small piece of paper It is a map to help you understand the Bible It will not tell you everything about the Bible But it will help you find your way as you read the Bible book by book
