SHORT STORIES FOR BEGINNERS

Do you know what the hardest thing for a Spanish learner is?

Finding **PROPER** reading material that they can handle...which is precisely the reason we've written this book!

Teachers love giving out tough, expert-level literature to their students, books that present many new problems to the reader and force them to search for words in a dictionary every five minutes — it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all!

In this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Spanish tongue.

How Spanish Short Stories for Beginners works:

Each story will involve an important lesson of the tools in the Spanish language (Verbs, Adjectives, Past Tense, Giving Directions, and more), involving an interesting and entertaining story with realistic dialogues and day-to-day situations.

The summaries follow: a synopsis in Spanish and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about.

At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance!

Finally, you'll be provided with a set of tricky questions in Spanish, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any — we will provide them immediately after, but no cheating!

We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles!

So look no further! Pick up your copy of **Spanish Short Stories for Beginners** and start learning Spanish right now!

Spanish Short Stories Sergio Rodriguez,2018-12-18 Have you ever wanted to learn Spanish and have fun at the same time Most of the time teaching books are boring They always have the same kind of format Two sometimes more people talking about where the library is or where to find Juan That s boring and to be honest it s not a great way to learn the language not to mention that they don t always talk about things that you might encounter in your daily life for example a judgmental ghost being the last man on Earth or maybe find that the love of your life has been stolen But in this book I will give you 20 short stories that will range from science fiction to romance everything in between and sometimes even more These stories will give you an entire picture of the Spanish language and how to appreciate the subtlety of the language The Spanish language is rich full of small differences between the different countries Things that might be one way in Argentina might be different in Spain or Mexico But don t worry with this book you will have a firm grasp on the language and you will be able to understand and have a conversation with any Spanish speaker After each story there will be a questionnaire section where you will answer questions about the stories in Spanish I really suggest to grab a blank page and write down the answers or the small assignments that you will be given don t worry they won t be long Remember to write them in Spanish so you can practice and use the language Also in this section you will find grammar and fun facts not just from the

stories themselves but from the inspirations behind them and facts about living in a Spanish country I hope you like them All these stories are written from my heart and I deeply hope that you will find them funny mysterious romantic or at least entertaining That s my goal as a writer and I hope you enjoy your time reading and learning Get your copy now
