## **Understanding Me Lectures And Interviews:**

Understanding Me Herbert Marshall McLuhan, 2010-06-25 Unbuttoned McLuhan An intimate exploration of Marshall McLuhan's ideas in his own words In the last twenty years of his life Marshall McLuhan published often in collaboration with others a series of books that established his reputation as the pre eminent seer of the modern age It was McLuhan who made the distinction between hot and cool media It was he who observed that the medium is the message and who tossed off dozens of other equally memorable phrases from the global village and pattern recognition to feedback and iconic imagery McLuhan was far more than a pithy phrase maker however He foresaw at a time when the personal computer was a techie fantasy that the world would be brought together by the internet He foresaw the transformations that would be wrought by digital technology He understood before any of his contemporaries the consequences of the revolution that television and the computer were bringing about In many ways we're still catching up to him In Understanding Me Stephanie McLuhan and David Staines have brought together eighteen previously unpublished lectures and interviews by or involving Marshall McLuhan They have in common the informality and accessibility of the spoken word In every case the text is the transcript taken down from the film audio or video tape of the actual encounters this is not what McLuhan wrote but what he said The result is a revelation the seer who often is thought of as aloof and obscure is shown to be funny spontaneous and easily understood

**Understanding Me** Marshall McLuhan, 2005-02-11 Previously unpublished lectures and interviews by the modern age's preeminent media seer informal accessible provocative In the last twenty years of his life Marshall McLuhan published a series of books that established his reputation as a world renowned communications theorist and the pre eminent seer of the modern age It was McLuhan who made the distinction between hot and cool media And it was he who coined the phrases the medium is the message and the global village and popularized other memorable terms including feedback and iconic McLuhan was far more than a pithy phrasemaker however He foresaw the development of personal computers at a time when computers were huge unwieldy machines available only to institutions He anticipated the wide ranging effects of the Internet And he understood better than any of his contemporaries the transformations that would be wrought by digital technology in particular the globalization of communications and the instantaneous simultaneous nature of the new electric world In many ways we're still catching up to him forty years after the publication of Understanding Media In Understanding Me Stephanie McLuhan and David Staines have brought together nineteen previously unpublished lectures and interviews either by or with Marshall McLuhan They have in common the informality and accessibility of the spoken word In every case the text has been transcribed from the original audio film or videotape of McLuhan's actual appearances This is not what McLuhan wrote but what he said the spoken words of a surprisingly accessible public man He comes across as outrageous funny perplexing stimulating and provocative McLuhan will never seem quite the same again The foreword by Tom Wolfe provides a twenty first century perspective on McLuhan's life and work and co editor David Staines's insightful afterword

offers a personal account of McLuhan as teacher and friend Lectures and Interviews Electronic Revolution Revolutionary Effects of New Media 1959 Popular Mass Culture American Perspectives 1960 Technology the Media and Culture The Communications Revolution Cybernetics and Human Culture 1964 The Future of Man in the Electric Age 1965 The Medium Is the Message 1966 Predicting Communication via the Internet 1966 The Marfleet Lectures 1967 Canada the Borderline Case Towards an Inclusive Consciousness Fordham University First Lecture 1967 Open Mind Surgery 1967 TV News as a New Mythic Form 1970 The Future of the Book 1972 The End of the Work Ethic 1972 Art as Survival in the Electric Age 1973 Living at the Speed of Light 1974 What TV Does Best 1976 TV as a Debating Medium 1976 Violence as a Quest for Identity 1977 Man and Media 1979

**The Medium Is Still the Message** Grant N. Havers,2025-09-15 The Medium Is Still the Message presents Marshall McLuhan history s foremost philosopher of media as the indispensable guide for understanding the impact of technologies McLuhan 1911 1980 shows that media are not simply tools of communication they create new environments with transformational effects on politics economics culture identity religion and nature Grant N Havers argues that McLuhan s key insight the medium is the message is even more relevant today as humanity grapples with the unintended effects of new media As McLuhan demonstrated a lack of understanding about the power of media technologies allows these entities to become idols that enslave their makers At the same time they encourage human beings to act like gods who can reinvent reality itself all the while leading to the decline of literacy the weakening of democracy the resurgence of tribalism within the global village and the elusive search for identity in cyberspace The Medium Is Still the Message ultimately offers good news using McLuhan s insights human beings can escape the technological cave that they have fashioned for themselves

**Media Environments and Mental Disorder** William Indick,2021-05-14 The information environments that modern society requires us to master and engage in are based in literacy and digital communication Mediated information not only passes through our brains it alters and rewires them Since our environment to a large extent is shaped by the way we perceive understand and communicate information we can even think of mental disorders as symptoms of maladaptation to our media environments This book uses this media ecology model to explore the effects of media on mental disorders It traces the development of media from the most basic forms the sights and sounds expressed by the human body to the most technologically complex media created to date showing how each medium of communication relates to specific mental disorders such as anxiety depression schizophrenia and autism As the digital age proceeds to envelop us in an environment of infinite and instantly accessible information it s crucial to our own mental health to understand how the various forms of media influence and shape our minds and behaviors
