HOPE! - God's Word for our Daily Lives! Dennis Smock,2021-08-01 I have been on a journey that has involved very in depth study of God s Word for many many years I have heard many different preachers and speakers I have watched numerous videos and I have read countless articles With all of this I have found that nothing compares to actually spending time in God s Word on a daily basis You cannot rely on anyone else to tell you what is in His Word You must spend time in it daily Preachers can bring clarity to what you read but they cannot read it for you You must take the time to read You must take the time to contemplate You must take the time to pray for insight and wisdom God is speaking to each of us Are we listening The devotionals that are in this book are compiled from a history of over twenty three years of devotionals written to make the reader dive deeper into His Word and into their personal lives They ask poignant questions with respect to the scripture verses and how they impact faith Hopefully they make the reader want to dive into the scripture in such a way that they reflect on how their life is living up to our calling as followers of Jesus [Historical Club Papers](#) Park College. A Commonwealth of Hope Michael Lamb,2024-11-26 A bold new interpretation of Augustine s virtue of hope and its place in political life When it comes to politics Augustine of Hippo is renowned as one of history s great pessimists with his sights set firmly on the heavenly city rather than the public square Many have enlisted him to chasten political hopes highlighting the realities of evil and encouraging citizens instead to cast their hopes on heaven A Commonwealth of Hope challenges prevailing interpretations of Augustinian pessimism offering a new vision of his political thought that can also help today s citizens sustain hope in the face of despair Amid rising inequality injustice and political division many citizens wonder what to hope for in politics and whether it is possible to forge common hopes in a deeply polarized society Michael Lamb takes up this challenge offering the first in depth analysis of Augustine s virtue of hope and its profound implications for political life He draws on a wide range of Augustine s writings including neglected sermons letters and treatises and integrates insights from political theory religious studies theology and philosophy Lamb shows how diverse citizens both religious and secular can unite around common hopes for the commonwealth Recovering this understudied virtue and situating Augustine within his political rhetorical and religious
