Ghost Patrol John Sadler, 2015-11-19 From the author of D Day an amazing tale of how the world's very first special force was created specifically for North Africa during WWII Books Monthly The origins of most of the West's Special Forces can be traced back to the Long Range Desert Group which operated across the limitless expanses of the Libyan Desert an area the size of India during the whole of the Desert War from 1940 to 1943 After the defeat of the Axis in North Africa they adapted to serve in the Mediterranean the Greek islands Albania Yugoslavia and Greece In the process they became the stuff of legend The brainchild of Ralph Bagnold a prewar desert explorer featured in fictional terms in The English Patient the LRDG used specially adapted vehicles and recruited only men of the right temperament and high levels of fitness and endurance Their work was often dangerous always taxing exhausting and uncomfortable They were a new breed of soldier and the Axis never managed to field a similar unit Once the desert war was won they transferred their skills to the Mediterranean sector retraining as mountain guerrillas serving in the ill fated Dodecanese campaign then in strife torn Albania Yugoslavia and Greece fighting alongside the mercurial partisans In addition the LRDG worked alongside the fledgling SAS and established beyond all doubt the value of highly trained Special Forces a legacy which resonates today Genuinely gripping a tale of eccentrics and their high adventures during very dangerous times Classic Military Vehicle

Brothers in Arms Damien Lewis, 2023-10-24 From a critically acclaimed and 1 internationally bestselling author the most riveting WWII story of Churchill's legendary SAS the special forces unit of the British Army chronicling one close knit band of warriors from the SAS foundation through to the Italian landings which truly turned the tide of war In 1941 as World War Two raged scores of men

stepped forward to answer Winston Churchill's call for volunteers for Special Service a high risk opportunity to undertake the most hazardous top secret duties of war Comprised of some of the finest fighting units in the entire British Army these warriors longed to leave behind their mind numbing garrison duties for battle They hungered to pit themselves against a seemingly omnipotent enemy and brave a bloody and bruising baptism by fire A rightfully proud regiment with an unrivalled esprit de corps they were disavowed as unruly by top brass unyieldingly vaunted by Churchill and courageously loyal to the clandestine butcher and bolt raids that made their sacrifices and their triumphs legendary But even as the combat worn ranks of the SAS risked all to deliver the first resounding defeats on Nazi Germany there were well founded fears that their fortunes would change In *Brothers in Arms* Damien Lewis pays tribute to the mavericks and visionaries who founded elite forces soldiering the SAS Exhaustively researched from an invaluable trove of never before seen documents wartime letters diaries mission reports rare photos undeveloped film plus interviews with WWII veterans and their surviving families Damien follows one close knit band of men from the founding of the SAS through to the Italian landings which truly turned the tide of the war It is a breathtaking narrative of do or die action and unbelievable daring chronicling the exploits of some of the most fearless revered and under the radar soldiers of the 20th century
