Wind In The Blood:

Wind in the Blood Hernan Garcia, Antonio Sierra, Gilberto Balam, 1999-10-22 Wind in the Blood is a detailed look at Mayan medicine on Mexico's Yucatan peninsula and its similarities to Chinese traditional medicine. It was originally published in Spanish as a manual for health workers in Mayan areas to bridge the gulf between Western medical technique and Mayan medical knowledge. Mexican physicians Hernan Garcia, Antonio Sierra, and Gilberto Balam discovered that the similarities between Mayan medicine and traditional Chinese medicine were profound and helpful in their medical work. **Diagnosis in Chinese Medicine - E-Book** Giovanni Maciocia, 2018-03-22 Written by world renowned author and teacher Giovanni Maciocia, *Diagnosis in Chinese Medicine* 2nd Edition is a comprehensive, highly illustrated, and easy-to-understand resource. With a focus on clear interpretations of real-world signs and symptoms, this new edition addresses the practice beyond the theory and leads you through both basic and sophisticated levels of diagnostic interpretation. Since Chinese medicine diagnosis relies on a subtle appraisal of a patient's disharmony, many factors beyond traditional Western symptoms are considered, including a patient's voice, the absence of thirst, feeling hot or cold, the patient's smell, tone of voice, and glitter of eyes. This practical resource helps students and practitioners alike carefully interpret a wide range of diagnostic nuances. One of a kind text gives you a clinical understanding of Traditional Chinese Medicine. Rich, unique content offers an unparalleled depth of information that is meticulously cross-referenced. Includes all the signs and symptoms that a modern patient may present in the clinic, no matter how subtle. Outlines the decision-making options in key situations to help you through the most challenging topics. Case histories with diagnoses present common conditions that professionals will often find in practice. Logically organized to help you quickly find the information you need in clinical situations. Written by a leader in the field of Chinese medicine, provides you with an expert's clinical experience and understanding. **NEW Clinical and Treatments notes** provide practical information on acupuncture, including herbal treatment when appropriate for most symptoms and signs, giving the book a clinical application in therapy. **NEW UPDATED** full color design and color photographs depict external clinical signs for more accurate clinical recognition. **NEW Learning outcomes** summarize the basics that you should know after completing a chapter. **NEW** Thoroughly updated content from an expert author clarifies the best practices for diagnosis in Traditional Chinese Medicine. *The Mādhavanidāna and its Chief Commentary, Chapters 1-10* Meulenbeld, 2023-07-17
