Windows CE 3.0 Nick Grattan, Marshall Brain,2001 In 2010 the Newseum in Washington D C finally obtained the suit O J Simpson wore in court the day he was acquitted and it now stands as both an artifact in their STrial of the Century exhibit and a symbol of the American media's endless hunger for the criminal and the celebrity. This event serves as a launching point for Ishmael Reed's *Juice*, a novelistic commentary on the post-Simpson American media frenzy from one of the most controversial figures in American literature today. Through Paul Blessings, a censored cartoonist suffering from diabetes and his cohorts serving as stand-ins for the various mediums of art, Ishmael Reed argues that since 1994 SO J has become a metaphor for things wrong with culture and politics. A lament for the death of print media, the growth of the corporation, and the process of growing old, *Juice* serves as a comic tragedy chronicling the increased anxieties of Spost race America.
