Intelligence in 1988-91 before becoming a Professor in the Strategic and Defence Studies Centre SDSC at The Australian National University where he is now an Emeritus Professor. He has been quite happy to engage in vigorous public debate about important and controversial strategic and defence issues giving him a high public profile. The contributors include two former Chancellors of ANU, one a former Minister of Defence and the other a former Secretary of the Department of Defence, a former Chief of the Defence Force CDF and other former senior officials as well as academic specialists in geography, international relations and strategic and defence studies. This would be a high quality set of essays for any edited volume but for a festschrift, a genre that sometimes generates uneven collections, this is an exceptional assembly. The individual pieces are very good together they have coherence and power.
