The Ways of the Hour Cooper,1861 *The Ways of the Hour* James Fenimore Cooper,2017-09-09 Excerpt from The Ways of the Hour A Tale There is a tendency at the present time to court change for its own sake This is erroneously termed a love of re form Something very like a revolution is going on in our midst while there is much reason to apprehend that few real grievances are abated the spurious too exclusively occupying the popular mind to render easy a just distinction between them When an American prates about aristocracy it is pretty safe to set him down as knavish or ignorant It is purely cant and the declaimers would be puzzled to point to a single element of the little understood and much decried institution the country being absolutely without any unless the enjoyment of the ordinary rights of property can be so considered But the demagogue must have his war cry as well as the Indian and it is probable he will continue to whoop as long as the country contains minds weak enough to furnish him with dupes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
