Where Is Abbas Kiarostami? Hamid Dabashi, 2025 When Abbas Kiarostami suddenly passed away in July 2016 he was already an iconic figure in world cinema and his reputation as a master filmmaker has only grown since In this book celebrated scholar Hamid Dabashi offers a new way of looking at Kiarostami s art world one that questions the very idea of film philosophy Dabashi s authoritative account of the philosophical resonances of Kiarostami s oeuvre offers an iconoclastic critique of the field s Eurocentrism and in vivid prose makes the case for a new method of appreciating the work of this essential figure The result is a provocative perspective on the totality of Kiarostami s legacy that with deep roots in Iranian aesthetic and Persian poetic and philosophical traditions overcomes film s provincial preoccupation with its Western heritage and charts a new path forward for film philosophy

Where Is the Mango Princess? Cathy Crimmins, 2012-02-22 Humorist Cathy Crimmins has written a deeply personal wrenching and often hilarious account of the effects of traumatic brain injury not only on the victim in this case her husband but on the family When her husband Alan is injured in a speedboat accident Cathy Crimmins reluctantly assumes the role of caregiver and learns to cope with the person he has become No longer the man who loved obscure Japanese cinema and wry humor Crimmins husband has emerged from the accident a childlike and unpredictable replica of his former self with a short attention span and a penchant for inane cartoons Where Is the Mango Princess is a breathtaking account that explores the very nature of personality and the complexities of the heart Outstanding Book Award Winner from the American Society of Journalists and Authors
