Transactions of the Illinois State Historical Society for the Year, 1922      *The University Library* John Huston  
Finley, 1926 The genesis of the University Library lies in a compilation of Little Masterpieces the first of which were  
published more than twenty five years ago The material included in these volumes was selected by able editors and writers  
whose experience was great and whose taste was excellent Out of the Little Masterpieces grew a course in liberal education  
which was known as the Pocket University and out of the Pocket University grew finally the University Library The publishers  
most gratefully acknowledge their debt to the editors who compiled the original volumes Bliss Perry Henry van Dyke Hardin  
Craig Thomas L Masson Asa Don Dickinson the late Hamilton W Mabie George Iles the late Dr Lyman Abbott and others  
Some of the most important material contained in the Pocket University is of course included in the University Library but  
the sequence has been entirely changed and the scope of the work greatly broadened Fully two thirds of the material is new  
and the literature of the world has been ransacked to find appropriate text to fit the basic educational needs of the modern
