E. Housman Archie Burnett,2007-03-29 The Letters of A E Housman is a scholarly edition of over 2200 letters The previous edition edited by Henry Maas contained just over 880 The letters cover the whole range of Housman s daily activities whether he writes as poet Professor of Latin son brother uncle friend or citizen Thus they allow the fullest possible revelation of a man whose reserve was legendary He emerges as a more amiable more sociable more generous more painstaking and more complex person than has previously been realized In most cases the source of the text is a manuscript and this has resulted in a text that is more accurate and more complete than any previously available Accompanying the text are notes covering persons and places poetry classical scholarship publishing history and literary allusion and echo Calendar of State Papers Great Britain. Public Record Office,1897 Victorian Revolutionaries Arthur Asa Berger,2017-09-08 The Victorian era is rightly associated with the industrial revolution in Britain and the ascendancy of a materialist commercially oriented middle class The threat to spiritual values was felt strongly in the realm of religion but also in the secular realm of the arts and literature This volume analyzes the drive toward cultural transcendence in the lives and works of such eminent Victorians as Tennyson Carlyle Browning the aesthetics of the Pre Raphaelites and the romantic origins of anthropology The various modes of escape from the Victorian era helps illuminate present concerns about culture and society First published in 1970 Victorian Revolutionaries represents a major effort in the intellectual rehabilitation of Victorian art and thought Peckham s readings of In Memoriam and Idylls of the King show Tennyson at odds with Christianity except with the notion of the immortality of the soul The terror of meaninglessness that he discerns here is echoed in the chapter on Carlyle who views human life as issuing from mystery and proceeding in chaos protected only by self deception For Browning the perceived lack of meaning or purpose results in an existential poetics of the world as theater and the individual as actor Peckham s chapter on the Pre Raphaelites anticipates their later rehabilitation by arguing that their work properly understood constitutes a challenge to the institutional modernism of the late twentieth century just as they had in turn challenged the academic values of the Royal Academy The West is once more living in a culturally critical period today Any help we can get in understanding how to deal with it is bound to be of value Not the particular strategies of these men but the general pattern of their search in social and anthropological theory is probably the most useful thing they have to offer The Publishers' Circular and Booksellers' Record ,1928 **Calendar of State Papers, Preserved in the State Paper Department of Her Majesty's Public**
