Checklist of Painters from 1200-1994 Witt Library of the Courtauld Institute,2014-06-03 The Witt Library of the

Courtauld Institute of Art London is one of the world's greatest art history libraries. It contains some 1.7 million illustrations of the work of painters, draughtsmen and engravers of the Western tradition, all of whom have been indexed by name, dates and nationality. This new second edition of the Checklist of Painters is a transcription of the Witt index as it currently exists. The names of 66,000 artists, their dates and their nationality or school are reproduced in alphabetical order. The Checklist of Painters is probably the most exhaustive work of its kind in existence; it now lists all painters known by art historians to have lived and worked from the year 1200 to 1994. It will be an important reference text in the art history collection of any public, academic or professional library.

"Australian Art and Artists in London, 1950-1965" Simon Pierse, 2017-07-05. Subtle and wide-ranging in its account, this study explores the impact of Australian art in Britain in the two decades following the end of World War II and preceding the Swinging Sixties. In a transitional period of decolonization in Britain, Australian painting was briefly seized upon as a dynamic and reinvigorating force in contemporary art, and a group of Australian artists settled in London where they held centre stage with group and solo exhibitions in the capital's most prestigious galleries. The book traces the key influences of Sir Kenneth Clark, Bernard Smith and Bryan Robertson in their various and varying roles as patrons, ideologues and entrepreneurs for Australian art, as well as the self-definition and interaction of the artists themselves. Simon Pierse interweaves multiple issues of the period into a cohesive historical narrative, including the mechanics of the British art world, the limited and frustrating cultural scene of 1950s Australia, and the conservative influence of Australian government bodies. Publishing for the first time archival material, letters and photographs previously unavailable to scholars, either in Britain or Australia, this book demonstrates how the work of expatriate Australian artists living in London constructed a distinct vision of Australian identity for a foreign market.
