Unique Evangelical Churches:

Unique Evangelical Churches James C. Hefley, 1977 **Why I Left the Evangelical Church** Jose Medina, 2025-05-05
Are you surprised by Trump's success with the evangelical Church? Do you have family members obsessed with him? Are you weary of the direction the Christian Church is taking in our society? Do you have doubts about your faith? Jose Medina was a devout Evangelical Christian for more than three decades. Shortly after arriving to pursue graduate studies in the United States, Jose became an Evangelical. This book is a personal account of his experiences as a member of the Southern Baptist church. He lived an unassuming church life until the appearance of Donald Trump in the 2016 presidential elections. Evangelicals' unconditional support for Trump, a man representing everything his Church stood against, pushed Jose to deconstruct his Christian beliefs. After not getting satisfactory answers from men and books he trusted, including the Bible, he left his friends, the Church, and the Christian faith. Writing this book was Jose's most challenging spiritual journey, but it provided him with a path forward free of mystical dogmas. If you are on the edge of what Christianity is about, this book will give you some first-hand insights into how to deal with it.

Christian Churches in European Integration Sergei A. Mudrov, 2016-06-03
All too often, religion is largely ignored as a driver of identity formation in the European context, whereas in reality, Christian Churches are central players in European identity formation at the national and continental level. *Christian Churches in European Integration* challenges this tendency, highlighting the position of churches as important identity formers and actors in civil society. Analysing the role of Churches in engaging with two specific EU issues—that of EU treaty reform and ongoing debates about immigration and asylum policy—the author argues that Churches are unique participants in European integration. Establishing a comprehensive view of Christian Churches as having a vital role to play in European integration, this book offers a substantial and provocative contribution both to our understanding of the European Union and the broader question of how religious and state institutions interact with one another.

The Next Evangelicalism Soong-Chan Rah, 2009-08-12
Soong-Chan Rah calls on the North American church to escape its captivity to Western cultural trappings and to embrace a new evangelicalism that is diverse and multiethnic. While many white churches find themselves ill-equipped to minister to today's cultural context, many immigrant and multiethnic churches offer much-needed alternatives for the church as a whole.

Toward an Evangelical Public Policy Ronald J. Sider, Diane Knippers, 2005-02
Deepens thinking about biblical and other conceptual foundations for political engagement in order to unify and give consistency to evangelicals' involvement in politics.

Panoplist, and Missionary Magazine, 1893 **Korean American Evangelicals New Models for Civic Life** Elaine Howard Ecklund, 2006-11-09
Studies of religion among our nation's newest immigrants largely focus on how religion serves the immigrant community, for example, by creating job networks and helping retain ethnic identity in the second generation. In this book, Ecklund widens the inquiry to look at how Korean Americans use religion to negotiate civic responsibility as well as to create racial and ethnic identity. She compares the views and activities

of second generation Korean Americans in two different congregational settings one ethnically Korean and the other multi ethnic She also conducted more than 100 in depth interviews with Korean American members of these and seven other churches around the country and draws extensively on the secondary literature on immigrant religion American civic life and Korean American religion Her book is a unique contribution to the literature on religion race and ethnicity and on immigration and civic life The Evangelical Herald ,1918 **A History of the Christian Tradition: From the Reformation to the present** Thomas C. McGonigle,James F. Quigley,1988 Thomas McGonigle and James Quigley present us with a history of Christian belief and institutions from the Reformation to Vatican II and beyond *Quarterly Review of the Evangelical Lutheran Church* ,1920 *Year Book of the Churches* ,1927 *Year Book of the Churches Covering the Year ...* ,1922 **The Congregationalist** ,1919 *The Extinction of the Christian Churches in North Africa* Leonard Ralph Holme,1898 *The Christian Century* ,1921 **Evangelical Missions** Benjamin H. Niebel,1919 *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954* ,1998 **The Baptist Home Mission Monthly** ,1900 **The Congregationalist and Christian World** ,1904 **The Christian Ministry [and] the Social Order** Charles S. Macfarland,1909
