instead goes on holiday to Hawaii is not fun There is always a chance of success but it is always a slim one In most horror games the character creation rules become the most well thumbed and familiar sections of the book Few characters survive for long some fall victim to bizarre and gory fates others go insane and others are only used for one shots or short campaigns anyway These rules are designed to produce a well rounded and workable character as quickly as possible without producing forgettable disposable non entities For those playing in longer games or who want more finesse when it comes to character generation there are more detailed class rules later in the chapter
