Pasting Up Protest Annik Bilodeau, 2025-11-14 Across Mexico human rights abuses take many forms as do the strategies designed to denounce and resist them Political street art thrives murals stencils and posters challenge authorities and commemorate the missing and the disappeared Pasting Up Protest explores the sociopolitical engagement of contemporary Mexican artists introducing the concept of memory activism the guiding philosophy behind their efforts to expose human rights violations such as forced disappearances and feminicides Through her analysis of street art interventions from the collectives ASARO URT Arte ARMARTE and MuGRe over the past decade Annik Bilodeau argues that these artists are shaping a new collective memory By depicting real life victims and referencing past acts of state sponsored violence their works create a familiar visual vocabulary that elicits empathy and compassion in the viewer A reliance on a tradition of printmaking a highly reproducible medium further amplifies the emotional impact of the images A critical examination of the role of art in creating public memory Pasting Up Protest sheds light on how Mexican artists document crimes of the state transforming citizens into political agents of change

A Poetics of Resistance Jeff Conant, 2010-08-01 Part literary criticism part media analysis and part marketing handbook A Poetics of Resistance provides a refreshingly new take on the Zapatistas While much has been written on the history of the Zapatista insurgency and on the communiqués of Subcomandante Marcos very little has been said about Zapatismo the ideologies organizing methodologies and communications strategies of the movement The appeal of the Zapatistas and their survival has as much to do with their goals as with the compelling and wildly effective language and aesthetics they've used to convey their vision Weaving together varied elements of poetics and symbolism Zapatismo has emerged as something entirely new a resolutely radical public relations campaign for human liberation The first postmodern revolution presented itself to the world through a complex and evolving web of propaganda using a wide range of media the colorful communiqués of Marcos the ski masks uniforms toy dolls and other accoutrements of the insurgent or sympathizer and murals songs and other popular cultural forms Employing persuasive publicity myths and symbols the Zapatistas both communicated their message and developed a clear aesthetic that could contain many messages at once and self replicate on a global scale Jeff Conant offers an engaging and innovative tool for organizers and educators to understand how the Zapatistas strategy works and to continue developing and refining their effective messages of participatory bottom up revolution Jeff Conant is a writer and activist in the San Francisco Bay Area and the author of A Community Guide to Environmental Health

contradiction frames this impasse as a crisis of imagination Subjunctive Aesthetics studies how contemporary writers filmmakers and visual artists grapple with the threat that climate change and extractivist policies pose to Mexico's present and future It explores how artists rise to the challenge of envisioning alternative forms of territoriality ways of being in relation to the environment through strategies ranging from rewriting to counterfactual speculation Whereas ecocritical studies have often focused on art's evidentiary role its ability to visualize and prove the urgency of environmental damage author Carolyn Fornoff argues that what unites the artists under consideration is their use of more hypothetical uncertain representational modes or subjunctive aesthetics In English the subjunctive is a grammatical mode that articulates the imagined desired and possible In the Spanish language it is even more widely used to express doubts denials value judgments and emotions Each chapter of Subjunctive Aesthetics takes up one of these modalities to examine how Mexican artists writers and filmmakers activate approaches to the planet not just as it is but as it could be or should be *Zapata vive, la lucha sigue* Margaret Beal Von Vogt, 2002
