Wordsworth and the Zen Mind John G. Rudy,1996-03-28 This book demonstrates that Zen thought and art provide both a generative and a formative context for understanding the spirituality of the English poet William Wordsworth 1770 1850 Combining methods of modern literary scholarship with the philosophical initiatives of the Kyoto School the text crosses disciplines as well as cultures offering a nonmonotheistic nonpantheistic philosophical ground upon which to study what Wordsworth calls the tranquil soul and the one Presence that underlies the great whole of life Anticipating a variety of audiences the discourse progresses from general introductory level discussions of Zen philosophy and literature to the more technical philosophical idiom of the Kyoto School employing intertextual readings of a variety of Wordsworthian and Zen documents to broaden and deepen the East West dialogue as it has been unfolding since the pioneering work of D T Suzuki and Kitaro Nishida An important aspect of this study is its twofold purpose to situate Wordsworth more centrally in the evolving global community of intercultural and interreligious communication and to demonstrate the unique flexibility and universality of Zen as a medium of spiritual growth and aesthetic understanding **New World Dharma** Trevor Carolan,2016-03-16 Based on Trevor Carolan s interviews profiles and essays from the past twenty years this book offers a fascinating and intimate look at many of the Buddhist and Buddhist inspired spiritual and cultural leaders who have shaped our time Drawn from the global mosaic of the arts and humanities environmentalism and governance Carolan s collaborators include Buddhist teachers poets writers activists and even a politician Readers will encounter Red Pine Maxine Hong Kingston Gary Snyder Robert Aitken Roshi Jerry Brown the Dalai Lama Allen Ginsberg along with many others They explore engaged practice East West ethics the role of dharma influenced literature Beat literature social and political activism and more A rich resource for anyone interested in Buddhism New World Dharma reveals a Buddhist consciousness responding to the challenge of rethinking what citizenship community and the sacred might mean in a global age **Love and Friendship Across Cultures** Soraj Hongladarom,Jeremiah Joven Joaquin,2021-01-10 This collection brings together different philosophical points of view discussing two important aspects of human life namely love and friendship within the broad context of comparative philosophy These points of view differ in terms of their cultural orientations East or West ancient or modern philosophical methodologies analytical historical experimental or phenomenological broadly construed and motivation explanatory revisionary or argumentative The volume is a comparative treatment of how diverse philosophical cultures view love and friendship such as how Aristotle and Confucius views on friendship are similar and different how the ancient Greeks and the Buddhists view friendship and happiness and how posthumous love is possible With contributions from a diverse set of scholars this book presents the emerging views of Southeast Asian philosophers compared with those of
