Peter Dendle,2010-07-27 Zombies are cautionary forms of humankind s most universally cherished ideal life after death Ragged ill spoken rotting zombies or the post dead seem socially awkward beside the more popular and aristocratic undead like Count Dracula The humble zombie remains for the most part unappreciated and unacknowledged until now The first exhaustive historical overview of zombie films this book s lengthy entries evaluate more than 200 movies from 16 countries over a 65 year period from the early 1930s to the late 1990s It covers everything from large studio films to backyard videography and touches on memorable television episodes and miscellaneous shorts An introduction traces the evolution of the genre and interprets the broader significance of the zombie in contemporary Western mythology **The Palgrave Handbook of the Zombie**

Simon Bacon,2025-12-26 This Handbook is a unique encompassing overview of the figure of the Zombie This project will show that while there are many zombies and many texts about zombies it is still often mistakenly viewed as little more than a sub genre of Horror However its history and multiplicity warrants something far more ambitious in terms of cataloguing and defining its many forms types and possible readings Consequently this Handbook proposes to feature elements of all the many and varied representations narratives and theories of the zombie across cultures histories and mediums to show that it is not just as multifaceted story world but is much more akin to a genre in its own right or what we might term the Zombie Megatext [Suburban Zombie High](#)

Jeremy Flagg,Amanda Kahl,2013-05-15 In an average town in an average community lies an average school with average students The small suburban town of Boxford is like any ideal town filled with large homes soccer moms and overachieving students At the center of the small community sprawls a large campus that houses two thousand of the best and brightest high school students The small suburban town is like any other Unbeknownst to the hard working students of Boxford High School a science experiment gone wrong is going to put them face to face with something far worse than S A T s and cafeteria lunches Between homeroom and gym students will fight for their lives in hopes they can flee the impending apocalypse at Boxford High Suburban Zombie High School looks at the unrealistic world of suburban America and the oftentimes delusional

inhabitants that reside there In a setting where expectations on standardized testing preparing for college and surviving the social hierarchy are emphasized how would students handle the inconvenience of the living dead **California.
