Sweet Science:

The Gold and the Dross David I. Backer, 2019-02-11 In the last decade there has been an international resurgence of interest in the philosophy of Louis Althusser New essays journalism collections secondary literature and even manuscripts by Althusser himself are emerging speaking in fresh ways to audiences of theorists and activists Althusser is especially important in educational thought as he famously claimed that school is the most impactful ideological state apparatus in modern society This insight inspired a generation of educational researchers but Althusser's philosophy unique in a number of ways one of which was its emphasis on education largely lost popularity Despite this resurgence of interest and while Althusser's philosophy is important for educators and activists to know about it remains difficult to understand *The Gold and the Dross* Althusser for Educators with succinct prose and a creative organization introduces readers to Althusser's thinking Intended for those who have never encountered Althusser's theory before and even those who are new to philosophy and critical theory in general the book elaborates the basic tenets of Althusser's philosophy using examples and personal stories juxtaposed with selected passages of Althusser's writing Starting with a beginner's guide to interpellation and Althusser's concept of ideology the book continues by elaborating the epistemology and ontology Althusser produced and concludes with his concepts of society and science *The Gold and the Dross* makes Althusser's philosophy more available to contemporary audiences of educators and activists

Women Staging and Restaging the Nineteenth Century Laura Monrós-Gaspar, Victoria Puchal Terol, 2025-12-29 *Women Staging and Restaging the Nineteenth Century* is the first book to explore overlooked histories of women who filled the theatrical stages of the nineteenth century dialoguing with contemporary adaptations reworkings and retellings of these histories in Great Britain and beyond Female managers playwrights and performers emerge from the archives to forge geographical and temporal intertheatricalities with contemporary productions by women who revisit and re stage the period and with neo Victorian fiction written by women and inspired by Victorian stage practices and spectacle

Chapters navigate from Great Britain to Australia from Japan to the United States to offer a glimpse of the indisputable influence of women in the theatrical scene of the period The women who populate this book Joanna Baillie Florence Wilson Ritsuko Mori Emily Massingberd Louisa Maria Ann Cremer Mrs T P Cooke Minnie Maddern Fiske Lolita Chakrabarti Kip Williams and others reveal essential histories of nineteenth century spectacle that hold significant implications for the roles of gender and chronology in theatre and English studies This book is for postgraduates researchers and academics engaged primarily with English Studies Drama Theatre and Performance Studies and Women Studies Sports Talk Colin McNairn,2026-02-18 It s game on in uncovering the many sports inspired terms expressions and sayings that populate our everyday language That s the challenge that this book takes on using a playbook for each sport After going for the fences and covering all the bases in the sport of baseball the ball is kept rolling despite many a sticky wicket through the long running game of cricket In due course football kicks off with continuing commentary from the author as armchair quarterback after which it s out of the gate with wire to wire coverage of horse racing Finally a blow by blow account of the sweet science of boxing is followed by play by play accounts of more than 35 other sports that have been added to the game day lineup The discussion is enlivened by lots of sports humour and anecdotes along with quotations from sports personalities Many of the words from those who are sportingly wise may sound quite familiar much like d j vu all over again **The Sweet Science** A.
