A Guide to Symptom Relief in Palliative Care Claud F. B. Regnard, Mervyn Dean, 2010 This established and well regarded Guide describes the management of patients with advanced disease Its foundation is a clinical decision making approach in which the patient's information guides the professional's approach to appropriate management This Sixth Edition has been fully updated reflecting the latest advances in knowledge and care of cancer and non cancer patients with advanced disease including children and people with severe communication difficulties Sections on symptoms other than pain and emergencies are set out alphabetically with the Emergencies section now located at the end of the book for ease of reference The Drug Information section has been extensively updated and colour and design refinements introduced throughout for greater clarity and emphasis All references continue to be categorised to make their evidence base clearer Maintaining the high standard set by previous editions over the past quarter century this continues to be the definitive guide to palliative care symptom relief for professionals in a wide variety of caring environments

A Physician's Guide to Pain and Symptom Management in Cancer Patients Janet L. Abraham, 2015-01-01 This highly regarded handbook provides clinicians with the information they need to treat their cancer patients effectively and compassionately This comprehensive guide to managing pain and other symptoms for people with cancer has helped tens of thousands of patients and families Designed for busy practicing clinicians A Physician's Guide to Pain and Symptom Management in Cancer Patients provides primary care physicians advanced practice nurses internists and oncologists with

detailed information and advice for alleviating the stress and pain of patients and family members alike Drawing on the work of experts who have developed revolutionary approaches to symptom management and palliative care as well as on the lessons learned from patients and their families during her thirty years as a teacher and clinician Dr Janet L Abrahm shows how physicians and other caregivers can help patients and families heal emotionally even as the disease progresses The third edition includes updates to medications and clinical stories and features two new chapters Working with Patients Families and Sexuality Intimacy and Cancer New lessons from palliative care and hospice care can help patients their professional caregivers and their families support each other every step of the way *EHealth Beyond the Horizon* European Federation for Medical Informatics. International Congress, Stig Kjær Andersen, 2008 The first part of the MIE 2008 conference theme eHealth Beyond the Horizon highlights the expectations for the future of ehealth and raises the question What sort of developments in ehealth services can we imagine emerging above the horizon in the years to come EHealth Beyond the Horizon contains a good number of high quality papers giving different perspectives of this future some of them already available today in pilot scale some of them outlined in visions The second part of the theme Get IT There has triggered a large number of papers describing how to create evaluate adjust and deliver products and deploy services in healthcare organizations for the necessary information technology as a basis for the ehealth applications that are essential in order to respond to the challenges of the health systems The papers in the proceedings are grouped by themes according to the submission categories and the supplied keywords As the last theme three doctoral students from different areas of medical informatics were selected to present and discuss their research under the guidance of a panel of distinguished research faculties

**Cancer Symptom Management** Susan L. Groenwald, Margaret Frogge, Michele Goodman, Connie Henke Yarbro, 1996-04 *Psychiatric Aspects of Symptom Management in Cancer Patients* William Breitbart, Jimmie C. Holland, 1993 It is hoped that the integrated treatment approach presented in this practical volume will serve to enhance the comfort well being and quality of life in cancer patients through all stages of the illness Oxford Textbook of Palliative Medicine Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care **Textbook of Palliative Medicine and Supportive Care** Eduardo Bruera, Irene Higginson, Charles F. von Gunten, Tatsuya Morita, 2015-01-15 the thoroughness of the text has to be admired It is an excellent starting point for students of palliative care which makes an important contribution to any library British Journal of Hospital Medicine covers a plethora of topics ranging from the development of palliative medicine in different countries to clinical topics and bioethics an Optimizing Psychosocial Support and Symptom Management for Patients with Advanced Cancer, 2019 **Outpatient Management of Advanced Cancer** J. Andrew Billings, 1985 An Evidence-based Approach to the Treatment and Care of the Older Adult with Cancer Diane G. Cope, Anne M. Reb, 2006 Description The book offers a comprehensive overview of the treatment and

care of the older adult with cancer The evidence based practice approach is timely and provides the foundation for nursing practice that is the expected standard of care The use of the case study at the end of each chapter assists the reader in the synthesis and application of the information The book addresses every aspect of the care and treatment of not only the cancer patient but also the family The chapter on complementary therapy is a bonus Purpose The purpose is to focus on the unique aspects of treatment and care that the older adult with cancer requires Addressing the older adult with cancer is of paramount importance to not only the health of the individual but of the family community and society The book meets the author s objectives Audience This is written for all healthcare providers The authors have written a book that can be used by gero oncology nurses but it is appropriate for the multidisciplinary team that provides care to the older adult with cancer The authors have the professional background with applicable experience to edit this book Features This book covers more than the care and treatment of cancer in the older adult It provides necessary background information that demonstrates the impact of cancer on the older patient and their significant others The assessment information is useful for both experienced and novice nurses The use of chapter case studies enables healthcare providers to apply the chapter content The use of an evidence based practice approach to delivering healthcare is essential The information allows nurses to use the findings from reviewed research literature in providing the best care for their patients in an efficient manner that also considers patient preferences the risks and the benefits of treatment or lack thereof Assessment This book provides guidance to novice to expert nurses in the treatment and care of the older adult cancer patient using a holistic approach The chapters are well written by authors who are experts in their field The Cochrane Guidelines are considered the gold standard for evaluating research that impacts treatment selection and care of all patients Their use in the reference materials lends credibility to the information that is presented in the book Publisher **Clinical Oncology** Geoffrey R. Weiss,1993 This new LANGE medical book offers a concise but comprehensive review of oncology It should be especially useful to medical students residents primary care physicians nurses physician s assistants and other healthcare professionals Stressing the approach to the patient with cancer this book focuses on the key principles of diagnosis and management describes ambulatory and supportive care issues including cancer pain management and management of treatment toxicities and fully covers the major treatment modalities including surgery radiotherapy chemotherapy hormonal therapy and biological response modifiers Special features include reviews of cancer prevention cancer screening hospice care and the etiology and biology of cancer The editor has assembled a distinguished panel of authors which has contributed a thorough and up to date reference for the student or practicing medical audience **Principles and Practice of Geriatric Medicine** M. S. J. Pathy,Alan J. Sinclair,John E. Morley,2006 The fourth edition of Principles and Practice of Geriatric Medicine provides an account of the fundamental changes associated with ageing which are essential to our understanding and management of the elderly sick population The title has been updated to reflect in treatment options and medical conditions
