Davis, 1996-01-01 Values Education and Quality Teaching Terence Lovat, Ron Toomey, 2009-04-07 Some revision of public schooling history is necessary to challenge the dominant mythology that public schools were established on the grounds of values neutrality In fact those responsible for the foundations of

public education in Australia were sufficiently pragmatic to know that its success relied on its charter being in accord with public sentiment Part of the pragmatism was in convincing those whose main experience of education had been through some form of church based education that state based education was capable of meeting the same ends Hence the documents of the 1870s and 1880s that contained the charters of the various state and territory systems witness to a breadth of vision about the scope of education Beyond the standard goals of literacy and numeracy education was said to be capable of assuring personal morality for each individual and a suitable citizenry for the soon to be new nation As an instance the NSW Public Instruction Act of 1880 cf NSW 1912 under the rubric of religious teaching stressed the need for students to be inculcated into the values of their society including understanding the role that religious values had played in forming that society s legal codes and social ethics The notion therefore that public education is part of a deep and ancient heritage around values neutrality is mistaken and in need of serious revision The evidence suggests that public education s initial conception was of being the complete educator not only of young people s minds but of their inner character as well *How to Teach about Values* Jack R. Fraenkel,1977 **Teaching Agricultural Vocations** Rolland Maclaren Stewart,Arthur Kendall Getman,1927 **Procedures in High-school Teaching** Douglas Waples,1924 *An Analytical and Descriptive Guide to the Materials in The History Teacher's Magazine and The Historical Outlook* Richard Harrison Shryock,1925 *The Values Book* Pamela Byrne Schiller,Tamera Bryant,1998 Here are activities discussion ideas and more that adults can use to help children practice these character building qualities Cover *Progressive Teaching* Arthur Gordon Melvin,1929
