Melancholy Acts Nouri Gana, 2023-08-01 CHOICE OUTSTANDING ACADEMIC TITLE How do the literatures and cultures of oppressed societies survive and flourish in spite of the overdetermining conditions of precarity and injustice of which they are a product and against which they protest Might the symptom of oppression become simultaneously the agent of its critique Melancholy Acts offers richly nuanced reflections on these questions through a series of wide ranging engagements with Arab thought literature and film in the aftermath of the 1948 dispossession of Palestinians and the 1967 military defeat of Arab armies Melancholy Acts offers a psychoaffective theory of cultural production that arises out of the disjunction between political impoverishment and cultural resistance to colonial and neoliberal oppression Such a theory allows the author to trace the melancholy disposition of Arabic literary and filmic productions and to discern the precarious rhetorical modes of their critical intervention in a culture that is continually strained to its breaking point Across six chapters Melancholy Acts reads with rigor and sensitivity contentious topics of Arab contemporaneity such as secular modernity and manhood Arab nationalism and leftism literary and artistic commitment Islamism and martyrdom The book tracks the melancholy politics that inform the literary and cultural projects of a multitude of Arab novelists Ghassan Kanafani and Naguib Mahfouz poets and playwrights Mahmoud Darwish Nizar Qabbani and Saadallah Wannous filmmakers Nouri Bouzid Moufida Tlatli Youssef Chahine and Hany Abu Assad alongside the work of such intellectuals as Hussein Muruwwa Malek Bennabi Karima Lazali George Tarabishi and Fethi Benslama from within the Arab world as well as such non Arab thinkers as Freud Lacan Adorno Fanon Spivak Butler and i ek Melancholy Acts charts a fresh and bold new approach to Arabic and comparative literature that combines in interlaced simultaneity a high sensitivity to local idioms as they swerve between symptom and critique with nuanced knowledge of the geopolitics of theory and psychoanalysis The Evolution of the Costumed Avenger Jess Nevins, 2017-01-30 Using a broad array of historical and literary sources this book presents an unprecedented detailed history of the superhero and its development across the course of human history How has the concept of the superhero developed over time How has humanity s idealization of heroes with superhuman powers changed across millennia and what superhero themes remain constant Why does the idea of a superhero remain so powerful and relevant in the modern context when our real life technological capabilities arguably surpass the imagined superpowers of superheroes of the past The Evolution of the Costumed Avenger The 4 000 Year History of the Superhero is the first complete history of superheroes that thoroughly traces the development of superheroes from their beginning in 2100 B C E with the Epic of Gilgamesh to their fully entrenched status in modern pop culture and the comic book and graphic novel worlds The book documents how the two modern superhero archetypes the Costumed Avengers and the superhuman Supermen can be traced back more than two centuries turns a critical evaluative eye upon the post Superman history of the superhero and

shows how modern superheroes were created and influenced by sources as various as Egyptian poems biblical heroes medieval epics Elizabethan urban legends Jacobean masques Gothic novels dime novels the Molly Maguires the Ku Klux Klan and pulp magazines This work serves undergraduate or graduate students writing papers professors or independent scholars and anyone interested in learning about superheroes
