The Values We Share Project

Value Of Self Control:

Class and Conformity Melvin Kohn, 1989-09-15 First published in 1969 and augmented by the author with a new essay in 1977 Class and Conformity remains a model of sociological craftsmanship Kohn's work marshals evidence from three studies to show a decided connection between social class and values He emphasizes that occupation fosters either self direction or conformity in people depending upon the amount of freedom from supervision the complexity of the task and the variety of the work that the job entails The extent of parents self direction on the job further determines the value placed on self direction for the children this Kohn finds is the most critical and pervasive factor distinguishing children raised in different socioeconomic classes Back cover

Social Neuroscience Eddie Harmon-Jones, Michael Inzlicht, 2016-04-14 Social Neuroscience provides an updated and critically important survey of contemporary social neuroscience research In response to recent advances in the field this book speaks to the various ways that basic biological functions shape and underlie social behavior The book also shows how an understanding of neuroscience

physiology genetics and endocrinology can foster a fuller more consistent understanding of social behavior and of the person. These collected chapters cover traditional and contemporary social psychology topics that have received conceptual and empirical attention from social neuroscience approaches. While the focus of the chapters is demonstrating how social neuroscience methods contribute to understanding social psychological topics, they also cover a wide range of social neuroscience methods including hormones, functional magnetic resonance imaging, electroencephalography, event-related brain potentials, cardiovascular responses, and genetics.

Control of Violence Wilhelm Heitmeyer, Heinz-Gerhard Haupt, Stefan Malthaner, Andrea Kirschner, 2010-11-04

The Control of Violence in Modern Society starts from the hypothesis that in modern society we will face an increasing loss of control over certain phenomena of violence. This leads to unpredictable escalations and violence can no longer be contained adequately by the relevant control regimes such as police, state surveillance institutions, national repression apparatuses, and international law. However, before investigating this hypothesis from an international and historically comparative perspective, the terms and tools for this undertaking have to be rendered more precisely. Since both control and violence are all but clear-cut terms but rather highly debatable and contested concepts that may take multiple connotations, the main question is whether an increase in certain forms of violence can be explained by the failure or, in turn, overeffectiveness of certain control mechanisms. It is asked for instance which contribution religion can make to limit violence and in turn which destructive potential religion might have in its fundamentalist form. Moreover, the concept of individual self-control as well as social institutions and strategies of collective disengagement and de-radicalization are investigated with regard to their potential for controlling violence. The Control of Violence in Modern Society concludes with a re-examination of the hypothesis of a loss of control by specifying in what cases and under which circumstances we can speak of a loss of control over violence.

The Grace Filled Life Dr. Stephen R. Button, 2023-04-03

When Jesus said "My grace is sufficient," Christians often forget that grace is the predominant characteristic of their Christian experience and therefore tend to overlook how grace permeates every aspect of their life. Were it not for grace, we would still be lost in our sin, unwilling to or incapable of enjoying the benefits of a relationship with Jesus. I chose the word "panoply" to describe God's grace because grace is so overwhelmingly abundant and impressively available to the believer. God's grace is more than sufficient; it is abundantly available to all that belong to Him. There is a reservoir of grace that will never empty. Christ was saying there is nothing else that will compare with it, nothing else that will replace it, and nothing else that will embody it. Grace is sufficient because there is nothing that can be added to it, supplement it, or enhance it. Well-written, interesting, and easy to read, it presents a practical understanding and comprehensive application of grace to Christian believers' daily lives, written at times

out of the crucible of personal experience It serves as a wonderful tribute to your Dad Dr Lloyd Button s life and ministry It also represents an incredible amount of careful thought and work I found it to be both clear and captivating Dr David Nicholas President Shasta Bible College Redding California Undergraduate Catalog North Carolina State University,1927
