American International Pictures Rob Craig,2019-03-05 American International Pictures was in many ways the missing link between big budget Hollywood studios poverty row B movie factories and low rent exploitation movie distributors AIP first targeted teen audiences with science fiction horror and fantasy but soon grew to encompass many genres and demographics at times it was indistinguishable from many of the major studios From Abby to Zontar this filmography lists more than 800 feature films television series and TV specials by AIP and its partners and subsidiaries Special attention is given to American International Television the TV arm of AIP and an appendix lists the complete AITV catalog The author also discusses films produced by founders James H Nicholson and Samuel Z Arkoff after they left the company *Space Monster* John Cosper,2012-08-16 From the creator of the Fluffy trilogy and the author of *Martian Queen* comes a classic tale of outer space heroism complete with laser guns pretty girls and one blood thirsty creature No one knew what happened to Lunastar Four After witnessing the horrifying carnage when someTHING attacked the spaceship on a live broadcast no one had the courage to find out Cut off from human civilization the ship drifted off into space and legend Ten years later it drifted into the hands of Cardigan Fox a down on his luck gas pumper working on an interstellar filling station His discovery of the ship and the sole survivor aboard became his ticket to a brand new life But two obstacles stand in the way of Cardigan s dream his greedy uncle and the deadly beast lurking in the shadows of Lunastar Four waiting for its moment to strike Filled with mystery humor and old school sci fi bravado SPACE MONSTER is a thrill ride for fans of old fashioned outer space adventures *Japan's Favorite Mon-star* Steve Ryfle,1998 More than 40 years after he emerged from the mushroom cloud of an H Bomb test Godzilla reigns as the king of monsters The book dispels the myths and illuminates the mysteries surrounding the enigmatic mon star and is loaded with background information and trivia about the people who created Japan s favorite monster 50 illustrations **Sixties Shockers** Mark Clark,Bryan Senn,2025-01-31 This comprehensive filmography provides critical analyses and behind the scenes stories for 600 horror science fiction and fantasy films from the 1960s During those tumultuous years horror cinema flourished proving as innovative and unpredictable as the decade itself Representative titles include *Night of the Living Dead* *The Haunting* *Carnival of Souls* *Repulsion* *The Masque of the Red Death* *Targets* and *The Conqueror Worm* An historical overview chronicles the explosive growth of horror films during this era as well as the emergence of such dynamic directorial talents as Roman Polanski George Romero Francis Ford Coppola and Peter Bogdanovich **The Space Monster** Bryan Kwasnik,2019-02-16 It s the night of the big meteor shower but Lana can t see a thing While her brother continues to hog the telescope Lana notices a mysterious shadow run across the street She follows it to an alien space ship parked in the nearby woods Lana is amazed by the ship but is shocked when it suddenly takes off with her inside Now she s stuck on board with a strange monster while Earth is getting farther and farther away **The Story of the Blue Planet** Andri Snaer Magnason,2012-11-20 Brimir and Hulda are best friends who live on a small

island on a beautiful blue planet where there are only children and no adults Their planet is wild and at times dangerous but everything is free everyone is their friend and each day is more exciting than the last One day a rocket ship piloted by a strange looking adult named Gleesome Goodday crashes on the beach His business card claims he is a Dream ComeTrueMaker and joybringer and he promises to make life a hundred times more fun with sun activated flying powder and magic coated skin so that no one ever has to bathe again Goodday even nails the sun in the sky and creates a giant wolf to chase away the clouds so it can be playtime all the time In exchange for these wonderful things Goodday asks only for a little bit of the children s youth but what is youth compared to a lot more fun The children are so enamored with their new games that they forget all the simple activities they used to love During Goodday s great flying competition Hulda and Brimir fly too high to the sun and soar to the other side of planet where they discover it is dark all the time and the children are sickly and pale Hulda and Brimir know that without their help the pale children will die but first they need to get back to their island and convince their friends that Gleesome Goodday is not all that he seems A fantastical adventure beautifully told unfolds in a deceptively simple tale The Story of the Blue Planet will delight and challenge readers of all ages **Sunshine**
