**St. Francis of America** Patricia Appelbaum, 2015-07-28 How did a thirteenth century Italian friar become one of the best loved saints in America Around the nation today St Francis of Assisi is embraced as the patron saint of animals beneficently presiding over hundreds of Blessing of the Animals services on October 4 St Francis s Catholic feast day Not only Catholics however but Protestants and other Christians Hindus Buddhists Jews and nonreligious Americans commonly name him as one of their favorite spiritual figures Drawing on a dazzling array of art music drama film hymns and prayers Patricia Appelbaum explains what happened to make St Francis so familiar and meaningful to so many Americans Appelbaum traces popular depictions and interpretations of St Francis from the time when non Catholic Americans discovered him in the nineteenth century to the present From poet to activist 1960s hippie to twenty first century messenger to Islam St Francis has been envisioned in ways that might have surprised the saint himself Exploring how each vision of St Francis has been shaped by its own era Appelbaum reveals how St Francis has played a sometimes countercultural but always aspirational role in American culture St Francis s American story also displays the zest with which Americans borrow lend and share elements of their religious lives in everyday practice Saint Francis of Assisi Bret Thoman, OFS, 2016-09-26 All Christians know his name Few truly know the man Francis of Assisi was not even five feet tall He was not well educated And yet he is the one saint commonly recognized as Alter Christus the other Christ Francis is not just any saint he s a saint for everyone whatever your place or position in life But do we really know him Who was this man at his core What was it that thrust this little man from a little town to the heights of sanctity into a place of high honor among the celestial court In this riveting biography author Bret Thoman accomplishes what few biographers have He pierces the inner life of Francis revealing his deepest passions his unquenchable love for poverty and his unshakable grip on the core of the Gospel The life of Francis so often festooned with spectacle and miracle is in reality the story of a soul yearning for God in every moment and glimpsing His presence in all creation If you want to see the hidden life of the greatest saint if you want to hear his thoughts if you want to feel the fervor that blazed within his soul you must read St Francis of Assisi Passion Poverty and the Man who Transformed the Catholic Church **Saint Francis of Assisi** G K Chesterton, 2020-12-14 Saint Francis of Assisi 1181 1226 was an Italian Catholic friar deacon and preacher He founded the men s Order of Friars Minor the women s Order of Saint Clare the Third Order of Saint Francis and the Custody of the Holy Land Francis is one of the most venerated religious figures in history In Chesterton s portrayal St Francis is a mysterious figure and a man of paradox Putting him and his life into historical perspective Chesterton describes why his asceticism was necessary for his cause and what drove him to his life St. Francis of Assisi Michael Robinson, 1999-01-10 Instead of simply narrating the life of the saint Robson looks at Francis through the thoughts and writings of those who knew him his parents the local bishop Pope Innocent III Cardinal Ugolino Saint Anthony of Padua and Saint Clare What emerges is a new understanding of the saint The Life and Legends of Saint

Francis of Assisi St Francis of Assisi, Father Candide Chalippe, 2015-11-19 Alongside St Ignatius who founded the Jesuits St Francis of Assisi is widely regarded as one of the most venerated saints in the Catholic Church due to his work establishing religious Orders that have done an incalculable amount of good and service for societies Like St Ignatius St Francis also got his start as a soldier who experienced a vision that put him on a more divine path St Francis eventually became a pillar of the Church both living in poverty to assist those in greatest need and in establishing the Franciscan Order the Order of Poor Clares an enclosed order for women and the Third Order of Brothers and Sisters of Penance Near the end of his life he became the first person recorded in history to bear the stigmata the Passion wounds that Christ suffered in crucifixion which only added to his ultimate aura and legacy To say that the writings of St Francis reflect his personality and his spirit is but another way of saying that they are at once formidably mystic and exquisitely human that they combine great elevation of thought with much picturesqueness of expression This twofold element which found its development later on in the prose of mystics like St Bonaventure and in the verse of poets like Jacopone da Todi and which has ever been a marked characteristic of Franciscan ascetic literature leads back to the writings of the Founder as to the humble upper waters of a mighty stream St Francis had the soul of an ascetic and the heart of a poet His unbounded faith had an almost lyric sweetness about it his deep sense of the spiritual is often clothed with the character of romance This intimate union of the supernatural and the natural is nowhere more strikingly manifested than in the writings of St Francis St. Francis Kathleen M.

Carroll, 2012-07-30 St Francis A Short Biography presents a portrait of the world's most loved saint as a person who read the Gospels and incorporated them into his life and times who held convictions that caused him distress who changed the world through his focus on the challenges of living the Gospel His work still resonates today hundreds of years later with both Christians and non Christians alike It presents Francis as a man who lived among men and through it became a saint rather than a saintly man distanced from others This 64 page popular introduction moves away from the view of the saint associated with bird baths to focus on the spirit of Franciscanism the life of St Francis and his role for us today **St. Francis of**

**Assisi** G K Chesterton, 2021-04-26 thing that it was to the real Francis of Assisi He can find an austere joy so to speak in parading the paradoxes of asceticism and all the holy topsy turvydom of humility He can stamp the whole history with the Stigmata record fasts like fights against a dragon till in the vague modern mind St Francis is as dark a figure as St Dominic In short he can produce what many in our world will regard as a sort of photographic negative the reversal of all lights and shades what the foolish will find as impenetrable as darkness and even many of the wise will find almost as invisible as if it were written in silver upon white Such a study of St Francis would be unintelligible to anyone who does not share his religion perhaps only partly intelligible to anyone who does not share his vocation According to degrees of judgment it will be regarded as something too bad or too good for the world The only difficulty about doing the thing in this way is that it cannot be done It would really require a saint to write the life of a saint In the present case the objections to such a course are insuperable
