Step Off The Edge

Robert R. Redfield

Step Off The Edge:

Step Off the Edge ASHLEA RENEE' SPIVEY,2010-12-25 Lorraine is a quiet meticulous thinker that has gone her whole life blaming her father for her childhood torment and her failed relationships She has hid behind blame regret and doubt building walls around herself in order to remain invisible in the hopes of alluding hurt and heartbreak again Those same walls come crashing down as she finds herself facing a judge who sentences her to mandatory therapy Lorraine s therapist helps her break through to the truth of her paralyzing fear and forces her to stop pointing her fingers in blame take responsibility for her a waiting destiny and step off the edge into life Winston is a high level executive making big moves and seemingly has it all together He however is convinced no one would ever understand the pain he has silently experienced and the tears he has cried for the love he lost He is too ashamed to reach out for help and too afraid that everyone deserves forgiveness but him A chance encounter on an elevator ignites his heart This leads him to an old friend that will help him see that forgiveness may be the very thing that will give Winston the second chance he has been praying for Living in fear is a slow long drawn straight line to nothing We struggle to set goals and to create a realistic dream too afraid to live We choose fantasies filled with knights in shining armor coming to rescue us from our sin and personal state of woe We decide not to change on our own knowing what s necessary to complete our purpose When does it end When do we stop living in fear of the unknown or fear of success or fear of inadequacy When do we take the leap of faith when do we take the opportunity to step off the edge

Stepping Off the Edge Anne McConnell,2021-03-09 Stepping Off the Edge addresses the question of literary edges and endings in contemporary works of literature from France the United States Canada and Latin America The book includes discussion of works by nine different authors including Anne Carson Marie NDiaye Paul Auster and C sar Aira It considers the way that specific texts identify and interrogate textual boundaries and also draw attention to questions of closure Each of these texts also reflects on the way we experience and write about edges and endings in our lives
