

Pretexting 101

Pretexting is a form of social engineering whereby a cybercriminal stages a scenario that baits victims into providing valuable information that they wouldn't otherwise.

A fraudster **impersonates a trusted authority** and crafts a scenario to reach out to their victims.

The victim **believes the scenario** and shares any information the 'trusted' authority requests.

The fraudster **gains valuable information** from their victim and often uses it maliciously.

Poetics of the Pretext Roland-François Lack, 1998 *Poetics of the Pretext* is an original study of the French poet Lautréamont 1846-1870 who was rediscovered by the Surrealists in the 1920s and promoted to the vanguard of theoretical debate by the Telquelists of the 1960s but whose work has remained largely ignored or misinterpreted beyond a small circle of enthusiasts *Poetics of the Pretext* analyses closely the texts, pretexts and intertexts of this innovative poet bringing *Les Chants de Maldoror* and *Poésies* to the foreground of contemporary critical debates around poetics, genre, intertextuality and influence This book will make a major contribution to our understanding not only of the work of Lautréamont but also to the function of originality, imitation and plagiarism in the nineteenth century
