Tokyo Rose:

Tokyo Rose / An American Patriot Frederick P. Close, 2014-05-29 Tokyo Rose An American Patriot explores the parallel lives of World War II legend Tokyo Rose and a Japanese American woman named Iva Toguri Trapped in Tokyo during the war and forced to broadcast on Japanese radio Toguri nonetheless refused to renounce her U S citizenship and surreptitiously aided Allied POWs Despite these patriotic actions she foolishly identified herself to the press after the war as Tokyo Rose An examination of U S monitored English language radio transcripts from Japan between December 1941 and April 1942 shows only one innocuous broadcast by a female Yet in April 1942 a news correspondent with the U S Navy reported that sailors in the Pacific theater routinely listened to Tokyo Rose s propaganda This book assembles for the first time a collection of images from American pre war popular culture that provided impetus for the legend It analyzes the wartime situation of servicemen which caused their imaginations to create the mythical femme fatale even though no Japanese announcer ever used the name Tokyo Rose Using interviews conducted over decades this dual biography also explores Toguri s character and decisions by placing her story and conviction for treason in the context of U S and Japanese racial views Imperial Japan and Cold War politics New research findings prompt a different perspective on her sensational trial the most expensive in U S history up to that time Misguided strategy by Toguri s defense attorney and her deceptive testimony about a key event led to the jury s verdict as surely as the perjury suborned by prosecutors Japanese War Crimes and Related Topics: A Guide to Records at the National Archives United States. National Archives and Records Administration, 200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained

that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

Tokyo Rose / An American Patriot Frederick P. Close,2010 Explores the parallel lives of World War II legend Tokyo Rose and a Japanese American woman named Iva Toguri Close explores Toguri s character and decisions by placing her story and conviction for treason in the context of U S and Japanese racial views Imperial Japan and Cold War politics

The Sirens of Wartime Radio and How the American Print Media Presented Them Scott A. Morton,2020-10-05 The Sirens of Wartime Radio and How the American Print Media Presented Them The Stories the Intrigue and the Evolving Coverage of Their Legacies analyzes press coverage from the American print media that helped construct popular images of Tokyo Rose Axis Sally Seoul City Sue and Hanoi Hannah Coverage of these radio sirens essentially constructed and defined these women s legacies for an American audience Scott A Morton examines newspaper and magazine coverage from the periods of each broadcaster and in doing so analyzes four primary research inquires Morton discusses how American newspapers and magazines portrayed each woman to American readers how the American mass media s portrayal of them evolved overtime from the mid 1940s through the present the ways in which the American mass media responded to these five female propagandists either directly or indirectly through print radio and visual media and how the legacy of each woman has been kept alive in popular culture in the decades since their last broadcasts Morton argues that for the most part coverage of the sirens was borne out of fascination and aversion fascination stemming from the novelty of women acting as high profile agents of enemy propaganda organizations and aversion stemming from the potential power they had over U S servicemen and the fact that they were viewed as traitors to the U S Scholars of media studies history and international relations will find this book particularly useful
