world Then it all began to unravel in felony convictions for environmental crimes and in one deadly accident after another Employees and regulators warned that BP s problems unfixed were spinning out of control that another disaster bigger and deadlier was inevitable Nobody was listening Having reported on business and the energy industry for nearly a decade Abrahm Lustgarten uses interviews with key executives former government investigators and whistle blowers along with his exclusive access to BP s internal documents and emails to weave a spellbinding investigative narrative of hubris and greed well before the gulf oil spill
