**Conversion to Christianity** Robert W. Hefner,1993 Contributes as much to advancing contemporary social theory as it does to understanding conversion Dale Eickelman Dartmouth College These rich and rewarding essays problematize a process central to Western notions of the making of modernity the reformation of peripheral worlds under the impact of global religions The authors challenge established disciplinary boundaries providing sensitive accounts of the interplay of world transforming movements and accounts of specific cultures and histories In doing so they cause us to rethink the ethnocentric developmentalist assumptions often built into the very notion of conversion itself as a concept in our own scholarly tradition Jean Comaroff University of Chicago

**Story, Formation, and Culture** Benjamin D. Espinoza,James Riley Estep Jr.,Shirley Morgenthaler,2018-10-15 Story Formation and Culture brings together a myriad of scholars researchers and ministry leaders into conversation about how we can effectively nurture the spirituality of children Built around the three themes of story formation and culture this volume blends cutting edge research and insights with attention to how we can bring theory into practice in our ministries with children The work of children s spiritual formation is often a marginalized component in the church s overall ministry This volume seeks to equip pastors leaders and scholars with cutting edge research and practices that effectively strengthen their ministries with children

**Digital Transformation in Small- and Medium-Sized Enterprises. Guidelines for the Commercial Dental Laboratory Sector** Maxi Osterhaus,2021-05-06 Bachelor Thesis from the year 2021 in the subject Business economics Miscellaneous grade 1 0 University of Applied Sciences Hanover language English abstract This thesis derives guidelines to path a way for digital transformation using the example of commercial dental laboratories Therefore commercial dental laboratories current approach to managing digital transformation was identified by conducting 12 expert interviews with commercial dental laboratories according to SMEs underlying size categorisation Based on the discrepancy between the theory based procedural stages and the laboratories holistic assessment practical and comprehensible guidelines were derived It was found that size specific differences prevail in the way digitalisation measures are managed Micro sized and small laboratories suffer from financial and personal constraints and are limited to collaborating with partners In contrast medium sized laboratories are confronted with increased internal complexity and resulting ambiguity within the workforce This thesis enables managers of different sized laboratories to adapt guidelines tailored to their industry and provides support in implementing new technology Digital transformation is the technology induced change on different organisational levels that includes both the exploitation of digital technologies and the exploration of digital innovation to transform the business model Even though digital transformation is empirically and conceptually elaborated in theory existing literature neglects the specifics of Small and Medium sized Enterprises SMEs Often existing models lack concrete recommendations for action that guide through the digital transformation and offer decision making assistance

Spiritual Transformation and Healing Joan Koss-Chioino,Philip Hefner,2006 Joan D Koss Chioino and Philip Hefner s new volume is unique in exploring the meaning of spiritual transformation and healing with new research from a scientific perspective An interdisciplinary group of contributors anthropological psychological medical theological and biological scientists investigate the role of religious communities and healing practitioners with spiritual transformation as their medium of healing Individual authors evaluate the meaning of spiritual transformations and the consequences for those who experience it the contributions of indigenous healing systems new frameworks for neurological and physiological correlates of transformative religious experiences the support from neuroscience for the radical empathy and intersubjective exchange

that takes place in healing practices and evidence for universal elements of the healing process This exciting new book will be an invaluable resource for those generally interested in the role of religion in society across the sciences social sciences and all religious traditions With a foreword by Solomon H Katz *Transforming Your Life: The Process of Conversion* United Church of God, 2014-02-03 The Bible reveals that conversion is a process that begins with God's calling followed by repentance baptism and the receiving of the Holy Spirit finally climaxing with the return of Jesus Christ when the dead in Christ are resurrected to immortality and given eternal life That is the ultimate transformation being changed from a mortal to an immortal being Inside this Bible study aid Praying for a Right Spirit and New Attitude We Must Change Our Way of Thinking What Is Sin What's Wrong With Our Human Nature What's So Bad About Sin Must We Obey God's Commandments Why Be Baptized The Holy Spirit God's Transforming Power Why Can't Theologians Explain the Trinity Doctrine Is the Holy Spirit a Person A High Priest Eager to Help Us Growing to Spiritual Maturity Why Bible Study Is Necessary for Spiritual Growth How to Stir Up God's Spirit The Prayer God Will Hear Repentance Must Be With Faith Does God Set Conditions on His Gift of Eternal Life "A" New English Dictionary on Historical Principles James Augustus Henry Murray, 1926 How Early Childhood and K-12 Teachers Experience Transformational Learning in a Dynamic Urban Setting Cecelia Marie Westby, 2007 The Transforming Moment James Edwin Loder, 1981 **An Accountable Source-to-source Transformation System** Barbara Sue Kerns Steele, 1981 Though one is led to believe that program transformation systems which perform source to source transformations enable the user to understand and appreciate the resulting source program this is not always the case Transformations are capable of behaving and or interacting in unexpected ways The user who is interested in understanding the what's why's where's and how's of the transformation process is left without tools for discovering them I provide an initial step towards the solution of this problem in the form of an accountable source to source transformation system It carefully records the information necessary to answer such questions and provides mechanisms for the retrieval of this information It is observed that though this accountable system allows the user access to relevant facts from which he may draw conclusions further study is necessary to make the system capable of analysing these facts itself Author **The Politics of Transformation** Betty H. Zisk, 1992-10-30 This book is a study of local grassroots activism in two major political areas the peace and environmental movements over a period of five years Interviews with leaders of 166 different groups in five states Massachusetts Maine New Hampshire California and Oregon supplemented by personal observation and participation in several of those groups are the foundations of this analysis The major concerns are the components of group and movement successes both short run and long run and activist group adaptations to change in the larger social and political world in light of political upheaval in Eastern Europe the Gulf War and several environmental crises that occurred during the period in question Finally Zisk focuses on the growing convergence and barriers to convergence of the movements After examining short run accomplishments Zisk concludes that most of the groups in both

movements are faring poorly few of their concrete goals are achieved media attention is poor and membership growth is problematic For both movements the transformational wings those that press for basic changes use consensus decision making have few paid staff members are not doing so well as the incremental wings those seeking limited goals using traditional decision techniques employing larger staffs This book should be of interest to students and teachers of political science and sociology
