Translation and the Making of Modern Russian Literature Brian James Baer,2015-11-19 Brian James Baer explores the central role played by translation in the construction of modern Russian literature Peter I s policy of forced Westernization resulted in translation becoming a widely discussed and highly visible practice in Russia a multi lingual empire with a polyglot elite Yet Russia s accumulation of cultural capital through translation occurred at a time when the Romantic obsession with originality was marginalizing translation as mere imitation The awareness on the part of Russian writers that their literature and by extension their cultural identity were born in translation produced a sustained and sophisticated critique of Romantic authorship and national identity that has long been obscured by the nationalist focus of traditional literary studies By offering a re reading of seminal works of the Russian literary canon that thematize translation alongside studies of the circulation and reception of specific translated texts

The Translator's Turn Douglas Robinson,1991 Despite landmark works in translation studies such as George

Steiner's *After Babel* and Eugene Nida's *The Theory and Practice of Translation* most of what passes as contemporary theory on the subject has been content to remain largely within the realm of the anecdotal. Not so Douglas Robinson's ambitious book which despite its author's protests to the contrary makes a bid to displace the deconstructive term. It is apposite here a gamut of earlier cogitations on the subject reaching all the way back to Cicero, Augustine, and Jerome. Robinson himself sums up the aim of his project in this way: I want to displace the entire rhetoric and ideology of mainstream translation theory which is medieval and ecclesiastical in origin, authoritarian in intent, and denaturing and mystificatory in effect. <http://www.jstor.org> Sep 12 2014 Poems and Translations William James Linton, 1889 London city poems ; Sonnets ; Lyrics and translations John Payne, 1902 **Translations and Reprints from the Original Sources of History**, 1906
