What A Country:

What's a Country Boy Like Me Doing in a Place Like This? Eugene E. "Duke" Ellington, 2009-02 Quotes from Country Boy Chapter 1 There are no insignificant events in our lives it is just that we can't often perceive the significance It is difficult to detect the pattern when you are just one thread in the tapestry Chapter 2 I think children today have too much social pressure on them and too many organized activities If every kid could occasionally lie on pine needles and watch the clouds go by there might be less need for psychiatrists and drugs Chapter 3 I will never forget the first time I entered a GI mess hall It was breakfast time and the cooks were preparing scrambled eggs from powdered eggs or something of that nature The griddle was about a half acre in area in plain view and was covered with large green bubbles I have often wondered if Dr Seuss book Green Eggs and Ham was inspired by a GI mess hall Chapter 4 One of my roommates gave me a ride as far as Stephenville I spent the night with him and his family which was something of a revelation His mother actually believed that the world was flat and that the sun revolved around the Earth Chapter 5 A few minutes earlier John F Kennedy had been a liberal tax and spend Democrat but we were Americans and he was our president and we were mad as hell and I think a little bit scared about what had happened Chapter 6 In Families Anonymous we learned about tough love and letting go We learned that we were not in control of our children's lives shouldn't try to be and shouldn't feel bad because we weren't It would be interesting to observe the results of a president who had Carter's moral values and Nixon's political acumen but perhaps the two attributes are mutually exclusive In the midst of all this madness one day I remembered something I had heard years earlier while watching Saturday morning cartoons with my son Yogi Bear said Boo Boo as you grow older you will learn that the deeper in the woods you get the more nuts you will find In the 70's the energy industry was pretty deep in the woods Chapter 7 Everything considered I believe that I am in the top 1 percent of all the people who have ever lived I state this not as a matter of pride but as a matter of gratitude My meager contribution is described in this book It is obvious that most of my good fortune is the result of something greater than me Eugene E Duke Ellington is a 75 year old retired natural gas engineer who resides in Kerrville Texas Duke was born in Iowa in 1933 and raised in Moultrie Georgia where he graduated high school in 1950 He spent almost four years in the Air Force during the Korean War and was honorably discharged in 1954 He attended Texas College of Arts and Industries in Kingsville Texas where he graduated with a Bachelor of Science Degree in Petroleum and Natural Gas Engineering in 1958 After graduation he worked as an engineer for Conoco for 15 years then as a consultant at Purvin Gertz Inc in Dallas for almost 24 years In this book the author describes the incredible changes that have taken place during his life The book is a rich fabric of the interwoven threads of his personal life social and economic changes race relations political events and technological advances Young people will be amazed older people will reminisce and all will laugh and cry and think

Franz Kafka's "A Country Doctor" and "The Burrow" Benjamin Halking, 2022-10-12 Seminar paper from the year 2014 in the subject English Language and Literature Studies Other grade 2 7 University of Cologne language English abstract This paper will put its focus on tense and aspect and how the German speaking writer Franz Kafka availed himself of these particular functions to achieve his goals he pursued with his texts to puzzle the reader and to leave him wondering about what to believe is the reality they are living in The first section of this paper will be dealing with the general terminology and briefly explain the terms tense and aspect which will be crucial and essential to the understanding Tense will then again be split up into past tense and the historical present tense After that there will be a short depiction of Franz Kafka s life and work followed by rough summaries of his works A Country Doctor as well as The Burrow on which the focus will be put to demonstrate how tense and aspect are used in order to achieve his goals with the reader The main part of this paper will be on the usage of said focus on tense and aspect in Kafka s work The terminology out of section 2 will be picked up and be put into connection and context with the two stories of Kafka s to demonstrate how Kafka s world works and what makes it so difficult to tell his fictional world apart from the one that the reader knows as reality The key question shall be what the peculiar usage of tense and aspect is which is a distinct feature of Kafka s texts affects the reader and how they make the reader think about what he is reading or if he even realizes what is going on as far as tense and aspect is concerned Is he able to process this flood of information that is headed his way We will see that there is plenty to think about plenty to take into account when reading both The Burrow and A Country Doctor
