Works And Days:

Works and Days Hesiod, 2018-02-01 Stallings's new translation of Hesiod's *Works and Days* witty gritty and unsettlingly relevant is not to be missed TLS Books of the Year A new verse translation of one of the foundational ancient Greek works by the award winning poet Alicia Stallings Hesiod was the first self styled poet in western literature revered by the ancient Greeks Ostensibly written to chide and educate his lazy brother *Works and Days* tells the story of Pandora's jar and humanity's place in a fallen world Blending the cosmic and the earthy and mixing myth lyrical description personal asides astronomy proverbs and down to earth advice on rural tasks and rituals it is also a hymn to honest toil as man's salvation This vibrant new verse translation by award winning poet A E Stallings conveys the clarity and unexpected humour of a founding work of classical literature

[Theogony ; Works and Days ; Shield](#) Hesiod, 1983 A skillful translation of the Ancient Greek poet Hesiod's three most famous works *Theogony* *Works and Days* and *Shield*

Hesiod's Works and Days Hesiod, 1996 This new annotated translation of Hesiod's *Works and Days* is a collaboration between David W Tandy a classicist and Walter Neale an economist and economic historian Hesiod was an ancient Greek poet whose *Works and Days* discusses agricultural practices and society in general Classicists and ancient historians have turned to *Works and Days* for its insights on Greek mythology and religion The poem also sheds light on economic history and ancient agriculture and is a good resource for social scientists interested in these areas This translation emphasizes the activities and problems of a practicing agriculturist as well as the larger changing political and economic institutions of the early archaic period The authors provide a clear accurate translation along with notes aimed at a broad audience The introductory essay discusses the changing economic political and trading world of the eighth and seventh centuries B C E while the notes present the range and possible meanings of important Greek terms and references in the poem and highlight areas of ambiguity in our understanding of *Works and Days*

[Hesiod's Works and Days](#) Lilah Grace Canevaro, 2015 Hesiod's *Works and Days* was often performed in its entirety but was also relentlessly excerpted quoted and reapplied This volume situates the poem within these two modes of reading and argues that the text itself sustains both treatments advocating not blind adherence to Hesiod's teachings but thinking for oneself and working for one's lesson

Theogony & Works and Days Hesiod, 2015-01-02 Greek poet Hesiod took many lines of thought and knowledge myth fable personal experience practical understanding and wove them into one great whole He did as much with the origins of the Greek gods in the *Theogony* and then did the same in creating his manual of moral and practical advice *Works and Days* Here Stephanie Nelson's translation of *Works and Days* is paired with Richard S Caldwell's take on the *Theogony* Along with introductory essays these comprehensible versions of Hesiod's two best known poems make it easy for readers to see why Hesiod's writings continue to resound through the ages

Works and Days Irving Feldman, 1961

Works and Days ; and Theogony Hesiod, 1993 A translation of Hesiod's poems It captures Hesiod's rustic wisdom his humour and his cautious pessimism

Theogony and Works and Days Hesiod, 2017-04-15 Widely

considered the first poet in the Western tradition to address the matter of his own experience Hesiod occupies a seminal position in literary history His *Theogony* brings together and formalizes many of the narratives of Greek myth detailing the genealogy of its gods and their violent struggles for power The *Works and Days* seems on its face to be a compendium of advice about managing a farm but it ranges far beyond this scope to meditate on morality justice the virtues of a good life and the place of humans in the universe These poems are concerned with orderliness and organization and they proclaim those ideals from small scale to vast from a handful of seeds to the story of the cosmos Presented here in a bilingual edition Johnson's translation takes care to preserve the structure of Hesiod's lines and sentences achieving a sonic and rhythmic balance that enables us to hear his music across the millennia

Work and Days Hesiod, 2012-11-26 *Work and Days* is a didactic poem of some 800 verses written by the ancient Greek poet Hesiod around 700 BC At its center the *Works and Days* is a farmer's almanac in which Hesiod instructs his brother Perses in the agricultural arts Scholars have seen this work against a background of agrarian crisis in mainland Greece which inspired a wave of colonial expeditions in search of new land In the poem Hesiod also offers his brother extensive moralizing advice on how he should live his life

Theogony and Works and Days Hesiod, Richard Caldwell, 2009 This translation of *Works and Days* Hesiod's manual of moral and practical advice is here paired with Caldwell's *Theogony* and includes introductions to each piece notes and an interpretive essay

The Complete Works of Hesiod Hesiod, 2017-03-27 Contains all known works by Hesiod *Theogony* *Works and Days* *Shield of Heracles* and *Fragments* Three works have survived which are attributed to Hesiod by ancient commentators *Works and Days* *Theogony* and *Shield of Heracles* Other works attributed to him are only found now in fragments The surviving works and fragments were all written in the conventional metre and language of epic However the *Shield of Heracles* is now known to be spurious and probably was written in the sixth century BC Many ancient critics also rejected *Theogony* e.g. Pausanias 9.31.3 even though Hesiod mentions himself by name in that poem *Theogony* and *Works and Days* might be very different in subject matter but they share a distinctive language meter and prosody that subtly distinguish them from Homer's work and from the *Shield of Heracles* see Hesiod's Greek below Moreover they both refer to the same version of the Prometheus myth Yet even these authentic poems may include interpolations For example the first ten verses of the *Works and Days* may have been borrowed from an Orphic hymn to Zeus they were recognized as not the work of Hesiod by critics as ancient as Pausanias Some scholars have detected a proto-historical perspective in Hesiod a view rejected by Paul Cartledge for example on the grounds that Hesiod advocates a not forgetting without any attempt at verification Hesiod has also been considered the father of gnomic verse He had a passion for systematizing and explaining things Ancient Greek poetry in general had strong philosophical tendencies and Hesiod like Homer demonstrates a deep interest in a wide range of philosophical issues from the nature of divine justice to the beginnings of human society Aristotle *Metaphysics* 983b 987a believed that the question of first causes may even have started with Hesiod *Theogony* 116-53 and Homer *Iliad* 14.201-246

He viewed the world from outside the charmed circle of aristocratic rulers protesting against their injustices in a tone of voice that has been described as having a grumpy quality redeemed by a gaunt dignity but as stated in the biography section he could also change to suit the audience This ambivalence appears to underlie his presentation of human history in *Works and Days* where he depicts a golden period when life was easy and good followed by a steady decline in behavior and happiness through the silver bronze and Iron Ages except that he inserts a heroic age between the last two representing its warlike men as better than their bronze predecessors He seems in this case to be catering to two different worldviews one epic and aristocratic the other unsympathetic to the heroic traditions of the aristocracy
