World Keeps Turning:

Unbeatable- The Whole Story Laurie Frey,2008-05 **Finding the Blue Sky** Joseph Emet,2016-10-04 Joseph Emet explores the intersection between Positive Psychology the study of what makes people happy and the ancient wisdom of Buddhism Positive Psychology with its focus not on mental disease but rather on what actually makes people happy has revolutionized the way that we look at mental health What many people don t realize however is that Positive Psychology is not as young a field of inquiry as we think In fact according to Joseph Emet the original positive thinker was the Buddha himself In this wise and inspiring book Emet traces the fascinating intersection between the age old wisdom of Buddhism and the latest scientific research into what makes people happy In this book readers will discover How to replace negative thinking with positive thinking How to move from frenzied thinking to quiet contemplation The duty we have to others to live a happy life As Joseph explains in this work the blue sky of happiness is found just beyond the grey clouds of sadness everyday concerns stress or anxiety Readers will find that the advice in this book can act as the gentle wind that clears those clouds away **Catalog of Copyright Entries** Library of Congress.
