Ego, Soul, and Beyond Bob Mackura,2004 Here is a book that pulls from life experience and the greatest contemporary and historical sages to engage the reader in life's most challenging and fundamental questions. It gathers momentum as the reader is exposed to the ego, soul, and the Divine by understanding their role in the evolution of human consciousness. What is blocking us from embracing our greatness? As the human mind and brain developed over the millennia, humanity's true nature was obscured by a human intellect and belief system in its early stages of evolution. We have all witnessed what this has led to. There is a way out of this box we have built for ourselves. The breakout begins when we allow ourselves to take a fresh look at the core human condition that spiritual traditions have been dealing with for thousands of years. This book shows the reader how to look at their soul in a refreshing and new way. In this new century, the time is ripe for an exciting and innovative way of approaching spirituality and rediscovering our souls. *Ego Soul Beyond* is a life-changing and provocative book that offers a clear, comprehensive, and practical way to usher in the next stage of human evolution. It doesn't replace psychology or spirituality; it takes them to a new level. The reader is challenged to wake up their soul and embrace reality below the symptom level. The intellect, heart, and belly soul centers, which the world's spiritual traditions target in different ways, are explained and reconceived in a way that speaks to the fullness of what it means to be human. Fundamental change has never been more possible. The human mind has evolved to a place where many are perched for a dive into a new reality where contemporary and historical problems can finally be resolved. If you are one of those ready to take the dive, you are likely a soulworker. This is a person who is ready to do whatever it takes to find the answers to their deepest questions, face their deepest fears, and align their life with their soul's mission. You will find this book to be a leading edge handbook that provides the tools, concepts, and keys for evolving humanity into a new way of being. The journey into our souls is the most important and exciting journey we can ever take. There is nothing more worth discovering. *Ego, Soul, & Beyond* Bob Mackura,2004-12-06 Here is a book that pulls from life experience and the greatest contemporary and historical sages to engage the reader in life's most challenging and fundamental questions.
