Soviet Economy Society:

Soviet Economy and Society David Stuart Lane, 1985 **Understanding Soviet Society** Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System **The Nationalities Factor In Soviet Politics And Society** Lubomyr Hajda, Mark Beissinger, 2019-06-21 The editors express their gratitude to the John M Olin Foundation for its financial assistance and to the Harvard University Russian Research Center for the facilities and staff support that made this project possible We wish to thank those who contributed their invaluable scholarly advice including Vernon Aspaturian Abram Bergson Steven Blank Walker Connor Robert Conquest Murray Feshbach Erich Goldhagen Richard Pipes and Marc Raeff We gratefully acknowledge the assistance of Barbara A Anderson and Brian D Silver with Soviet demographic data used throughout the volume Susan Zayer and Karen Taylor Brovkin provided able administrative help For skillful technical assistance with the manuscript we are indebted to Jane Prokop Elizabeth Taylor and Alison Koff Catherine Reed Susan Gardos Bleich Christine Porto and Alex Sich helped generously in diverse ways Finally the editors profited at every stage from the congenial working atmosphere and the encouragement of colleagues at the Russian Research Center too numerous to mention To all of them goes our deep appreciation *Proceedings, American Philosophical Society (vol. 99, no. 1)* , **A History Of Russia Volume 2** Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Speech and Society in Turbulent Times** Monroe Price, Nicole Stremmlau, 2018 This book explores the underlying philosophies and values that inform the speech rules that a government or community institutes *Soviet Socialist Society* , 1951 **The Soviet Economy** Nicolas Spulber, 1969 Study of economic policy the economic structure and economic administration in the USSR covers economic planning price determination industry agriculture trade labour force national accounting monetary policy budgets socialist economic theory etc and includes a comparison of socialist and capitalist economic structures Bibliography pp 291 to 316 *Class and Society in Soviet Russia* Mervyn Matthews, 1972 **The USSR** Michael Bruchis, 1988 Part of a trilogy on minority policies of the USSR with special reference to those of former Soviet Moldavia is based on first hand experiences and original materials A

Critique of Soviet Economics Zedong Mao,1977 **Soviet Russia** William Henry Chamberlin,1930 **Towards a New Social Order in Russia** Timo Piirainen,1997 Based on the results of the first extensive qualitative study on the current social transformation in Russia *Towards a New Social Order in Russia* provides a hitherto unique analysis of the new Russian society Restructuring Soviet Society Zafar Imam,1987 On the revised programme of the Kommunisticheskai a partii a Sovietskogo Soi u za as adopted by its 27th Congress *Soviet Society, Social and Economic Problems* ,1985 *Industry, State, and Society in Stalin's Russia, 1926-1934* David R. Shearer,1996 In an effort to crush the syndicate movement and establish tight political control over the economy Stalinist leaders intervened with a program of radical reforms Shearer demonstrates that many professional engineers planners and industrial administrators actively supported the creation of a powerful industrial state unhampered by domestic social and economic constraints **Contemporary Society** ,1974 This best selling book combines up to date information historical background social science concepts research and down to earth explanations in an accessible journalistic style *Contemporary Society* offers an overview of the social sciences by presenting a perspective on how the social science disciplines perceive the world around us The book has been completely updated to reflect the shifts in contemporary society while retaining the centralized theme of change The authors reinforce the idea that the transition from an industrial to a postindustrial order is fraught with difficulties as was the transition from an agricultural to an industrial order The increasing fragmentation of the social order which leads people away from community and a common purpose to conflict and disunity is also shown in this framework For anyone interested in the social sciences and the shifting of contemporary society An Outline of Political Economy Iosif Abramovich Lapidus,Iosif Lapidus,Konstantin Ostroviti[a]nov,Konstantin Vasil'evich Ostroviti[a]nov,1929 **The Soviet Woman in the Family and in Society** Feiga Blekher,1980 Soviet Economy ,1968
