need to competently lead your department The Leader's Edge Burt Nanus,1989 The President as Statesman Daniel D. Stid,1998 A political scientist who went on to become president Woodrow Wilson envisioned a responsible government in which a strong leader and principled party would integrate the separate executive and legislative powers His ideal however was constantly challenged by political reality Daniel Stid explores the evolution of Wilson s views on this form of government and his endeavors as a statesman to establish it in the United States The author looks over Professor and then President Wilson s shoulder as he grappled with the constitutional separation of powers demonstrating the importance of this effort for American political thought and history Although Wilson is generally viewed as an unstinting and effective opponent of the separation of powers the author reveals an ambivalent statesman who accommodated the Founders logic This book challenges both the traditional and revisionist views of Woodrow Wilson by documenting the moderation of his statesmanship and the resilience of the separation of powers In doing so it sheds new light on American political development from Wilson s day to our own Throughout the twentieth century political scientists and public officials have called for constitutional changes and political reforms that were originally proposed by Wilson By reexamining the dilemmas presented by Wilson s program Stid invites a reconsideration of both the expectations we place on the presidency and the possibilities of leadership in the Founders system The President as Statesman contributes significantly to ongoing debates over Wilson s legacy and raises important questions about the nature of presidential leadership at a time when this issue is at the forefront of public consciousness Peacemaking and Democratisation in Africa Hizkias Assefa,George Wachira,1996 Ibrahim offers a comparative study of the democratic transitions in the Anglophone countries of West Africa identifying regional trends and discreet factors He argues that democracy is creeping up the agenda owing to a detremined struggle for human rights and because democracy has been denied to the people for so long He identifies a number of common issues across the region the rise of a militarised secular state a significant increase in public corruption the primitive accumulation of capital an intense battle to deepen democracy between civil society and the state the appropriation of gender poltiics by the state through the office of the first ladies and the growing dissidence between elections and political choice The study also addresses what may be considered an acceptable regional model in Ghana and an unacceptable example in Liberia Stalin's Guerrillas Kenneth Slepyan,2006 A detailed study of the operations politics culture and autonomy of Soviet partisans or guerrillas who fought the German army in WWII Blending military political social and cultural history Slepyan also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors **Presidents and Prime Ministers** Patricia Lee Sykes,2000 She reveals how conviction style politicians have appeared in the U S and U K at the same time individuals who articulated similar ideas that adapted liberal ideology to shifting circumstances and who achieved fundamental change at critical moments in their nations histories Persico, Jr. V. Viscount Nelson, 2003-05-13 The Rise and Fall of Modern Black Leadership is designed to show how black leaders responded to the omnipresent racism of twentieth century America Although the efforts of black leadership eventually succeeded in eradicating de jure discrimination and brought the nation closer to realizing the idealized tenets of American democracy their achievements occurred at a cost to their influence as leaders of the entire race Synopses appear on the lives of the influential men and women who comprised the leadership cadre so that readers can understand the motives underlying leadership goals and comprehend why the lofty objectives of the Civil Rights Movement remain unfulfilled **Spies in the Himalayas** M. S. Kohli, Kenneth J.
