Dear Mother  
I can't imagine what has  
become of you & for it is now  
two months, at least, that I  
have the pleasure of receiving  
one of your little letters. The first  
I shall be sure to write.  
Your new school will be at  
the College, I shall be sorry and  
glad to say that you will  
study with us. There is a dull and  
heavy little waterway - I have  
not been in it for some time  
and we have taken a house for  
the next three months. I go out  
Lampford County, this winter, at  
least every day, but I am trying  
at home to take care of the old.

**The Letters, 1853-1856** ,1987      **The Eastern Question** Karl Marx,2015-07-11 Excerpt from *The Eastern Question* A Reprint of Letters Written 1853 1856 Dealing With the Events of the Crimean War Washington has an interesting and special bearing upon the leaders written by Marx You see the Tribune has again appropriated a leader this would be right enough because it attracts special attention if only K M were printed below it I believe too that they would do this if it were not against their rules and habits And after all it doesn't harm you much either for the careful reader can see that it wasn't written by the editorial staff From personal knowledge we can state that many of Marx letters were used and printed by the Tribune as leaders although Marx had originally written them as correspondence Upon other occasions he of purpose wrote articles which were intended to be leaders and in these he naturally wrote in a somewhat different form from that used in his signed correspondence In several cases where his correspondence has been turned into leaders a few words of addition and interpolation have been written in by the American editors to keep up journalistic appearances See for example pp 188 190 222 and especially the end of p 193 Apparently also on more than one occasion ideas or actual passages from letters of Marx were used and written round by the American journalists This has made the task of selection very difficult and has certainly in one case at least led to the inclusion see CI of an article the major part of which could not have been written by Marx Whilst there may be one or two authentic contributions of his that have been missed we have designedly left out several of a purely technical military character On the other hand we have included certain military articles bearing very directly on the war Most if not all of these were either written by Engels or grew out of letters from him to Marx About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Letters of Richard Cobden Richard Cobden,2007 The third volume of Cobden s Letters covers the Crimean War the Indian Mutiny and the preliminary negotiations over the Anglo French Commercial Treaty of 1860 It reveals the tension between public and private life experienced by Cobden from 1854 until 1859 The Letters of Nathaniel Hawthorne, 1853-1856 Nathaniel Hawthorne,1987 *Young America* Edward L. Widmer,1998-11-19 This fascinating study examines the meteoric career of a vigorous intellectual movement rising out of the Age of Jackson As Americans argued over their destiny in the decades preceding the Civil War an outspoken new generation of ultra democratic writers entered the fray staking out positions on politics literature art and any other territory they could annex They called themselves Young America and they proclaimed a Manifest Destiny to push back frontiers in every category of achievement Their swagger found a natural home in New York City already bursting at the seams and ready to take on the world Young America s mouthpiece was the Democratic Review a highly influential magazine funded by the Democratic Party and edited by the brash and charismatic John O Sullivan The Review offered a fresh voice in political journalism and sponsored young writers like Hawthorne and Whitman early in their careers Melville too was influenced by Young America and provided a running commentary on its many excesses Despite brilliant promise the movement fell apart in the 1850s leaving its original leaders troubled over the darker destiny they had ushered in Their ambitious generation had failed to rewrite history as promised Instead their perpetual agitation helped set the stage for the Civil War Young America The Flowering of Democracy in New York City is without question the most complete examination of this captivating and original movement It also provides the first published biography of its leader John O Sullivan one of America s great rhetoricians Edward L Widmer enriches his unique volume by offering a new theory of Manifest Destiny as part of a broader movement of intellectual expansion in nineteenth century America
