

WINCHING SAFETY 101

Created By WinchMania.com

New to winching? Then read this carefully. Vehicle recovery with a winch is a high-risk activity. The risk can be reduced by following some tricks.

It's important to treat the winch with proper respect. Become familiar with the owner's manual of the winch. Learn how to use it properly. Make sure to select the right winch for the job.

Learn To Use Your winch

This is the key to avoid injuries and accidents. A winch which isn't used properly is a significant safety risk. You must learn how to use a winch properly.

Inspect Before Use

Make sure the winch and other recovery equipment are in good working condition. Inspect all the components of the winch for any visible damage.

Clear The Area

You must keep the area clear. Stand at a safe distance and keep animal and people away from the winching area. If the winch cable snaps, it can cause serious injury.

Know The Limits

Every winch has a limited pulling capacity. Don't exceed the pulling capacity of the winch. If you exceed the winch capacity, then it could cause the winch to fail.

Stay Focused

Stay focused while winching. Fully concentrate on vehicle recovery. Even after winching is completed, accidents can still occur.

Choose The Right Tool

Choose the right tool that is rated for your job. Select a winch that has enough pulling power to recover your vehicle. Don't take shortcuts!

General Safety Precautions

The winch operator must be trained to perform safe winching. While handling the winch cable, sturdy gloves must be worn to protect your hands from injury.

Check Cable Frequently

Recheck the winch cable prior to winching to ensure there are no kinks, frays or any kind of damage. If any damage found in the cable, replace it before the next use.

Never Winch In Long Bursts

Winching for shorter periods will keep your winch from overheating. The winch pulls loads of power can kill your vehicle's battery quickly.

Plan Ahead

Always go ahead with proper planning. Think about how you will successfully complete your recovery work.
