Foster, 1990 Every six months or so a study reports about our inability to educate black males Yet after reading Ribbin Jivin and Playin the Dozens The Persistent Dilemma in Our Schools teachers learned how to teach black males Through 99 Realities and other examples Ribbin

describes discusses and explains black male street corner language and behavior and how it is played out in the classroom Too often teachers misunderstand and misinterpret their black male student s language and behavior resulting in their black male students being referred to special education or considered a discipline problem disproportionate to their numbers in the school Ribbin will provide you with the educational insight to successfully educate black males the information woefully lacking in contemporary education courses Authentic examples are provided that demonstrates how some teachers handled challenging situations with their black male students to help you develop your own teaching style relative to your persona and student population When you open Ribbin Reality 1 is a must read it recounts my first day of substitute teaching in the N Y C Public Schools and what happened to me that Friday morning I was so discouraged I considered suicide that weekend because I always wanted to be a teacher and after one day I was a failure However read how I rebounded on Monday and turned things around To enhance your ability to teach black males Chapter 8 about dress and grooming for teachers is a must In brief respect and feelings about yourself and your students is demonstrated by dressing professionally at minimum neat and clean Your students expect you to dress well Your students will keep a record of what you wear on what day and whether that stain has been cleaned away Indeed your students will compare notes on what car you drive the watch you wear and your dress style Chapter 5 Jive Lexicon and Verbal Communication is about words students may use to dupe or test you Students must learn Standard English the sine qua non to for economic success Your students need a Standard English teaching model to emulate However teachers should learn the language their students use It is viewed as barrier busting when students observe you trying to be hip and use their language of course this means acceptable vocabulary Moreover it may be appropriate for your students to use the vernacular depending upon the subject you teach Chapter 6 about classroom contests provides information about the games some students use to con provoke or test your street knowledge Playing the Dozens from an historical perspective to how it plays out negatively in classrooms is described and explained If you are unfamiliar with Playing the Dozens also known by other names best you learn Hence examples of teachers positively handling the dozens are presented Reading Chapter 7 will help you through my Four Step Plan for Classroom Management and School Discipline You need to get order for you to teach successfully Your primary responsibility as a teacher is to figure out how to achieve an orderly and safe classroom so that your students can relax and allow you to teach them If you wish to become a successful teacher buy Ribbin If you want to be told how to become a teacher do not buy Ribbin If you see yourself as a professional teacher and willing to change your teaching behavior first in order to get your students to change their behavior purchase Ribbin In sum a well designed lesson plan will not ensure classroom success Teachers must make educational and behavioral demands on students black males in particular Ribbin demystifies this persistent dilemma Without a question black males can and must be taught Standard English mathematics and the so called middle class skills needed to make it economically in the U S [House Documents](#) USA House of Representatives,1871 *Programme* Boston Symphony
