## **Womans Of Power:**

*Women, Power, and Ethnicity* Patricia S.E. Darlington, Becky Michele Mulvaney, 2014-06-03 Powerful women aren't just men walking around in dresses. As women continue to assume positions of social leadership in increasing numbers, the dynamics of the social construction of power need to be examined. Have women adopted traditionally male patterns of behavior in an effort to gain and maintain power in business, industry, politics, academics, etc. And if not, what kind of power are women practicing? The authors of *Women Power and Ethnicity: Working Toward Reciprocal Empowerment* endeavored to find out by conducting a research study on how women from various racial and ethnic backgrounds compare and contrast the attributes associated with existing power paradigms: traditional empowerment, personal authority, with an alternate model of power: reciprocal empowerment. Reciprocal empowerment is a discursive and behavioral style of interaction grounded in reciprocity initiated by people who feel a sense of personal authority. Reciprocal empowerment enables people with mutual self-interests to rise above obstacles based on social and political structures and to use personal authority to discuss and act on issues openly and honestly in order to effect change. Using a qualitative methodology, *Women Power and Ethnicity* includes the results of surveys and interviews with women from seven different ethnic groups in the United States to determine if the concept of reciprocal empowerment resonates with them. The answer: Yes. *Women Power and Ethnicity* is organized by surveys and interview findings on women from seven cultural groups living in the United States: African, Asian, Caribbean, European, Latin, Middle Eastern, Native American. Each chapter includes analyses of ethnographic findings, surveys, and interviews, concise historical information, effects of immigration where applicable, tables and diagrams, direct quotes, and much more. *Women Power and Ethnicity* examines women's attitudes toward power in several social forums: home, job, religion, politics, and society in general. The book is an essential resource for teachers and students of communication studies, women studies, gender studies, ethnic studies, and social sciences.

**Women of Power**, 1995. [The Book of Woman's Power, with an Introduction by Ida M. Tarbell, and Illustrations by E. R. Lee Thayer](#), 1911. [Women in Power](#) Dorothy W. Cantor, Toni Bernay, 1992-01-01. Explores the strengths, background, and skills that have enabled women to achieve positions of political power through interviews with twenty-five politically prominent women.

*Women in Power* Gunhild Hoogensen, Bruce O. Solheim, 2006-07-30. *Women in Power* profiles 22 world leaders who have held the top positions of political power since 1960. Each chapter is devoted to a region of the world. In addition to providing an overview of the political careers of the women who emerged as leaders in these regions, the authors examine the political systems of each region in terms of the involvement of women in politics. Biographies of these political leaders are embedded within regional analyses that reveal not only the personal circumstances that each woman faced in her quest for power but also the political milieu from which she emerged. We learn about the obstacles as well as the advantages these women faced and we derive insights into the structures that exist in our own societies regarding the power relations between men and women. *Women in Power* also devotes a chapter to

differing theories of women's leadership and various theories of feminism around the world. Finally, in an effort to understand how the United States can appear to be the bastion of women's liberation around the world and yet have only 15 percent representation of women in power and no female president to date, the authors explore prospects for the upcoming 2008 U.S. presidential election and discuss potential candidates.

**The Spirit of Power as Seen in the Christian Church of the Second Century** Ernest Arthur Edghill, 1910

*Women on Power* Sue J.M. Freeman, Susan C. Bourque, Christine M. Shelton, 2001-05-31

Women have made enormous strides into the professional workplace over the last two decades, yet few have assumed leadership roles in the higher ranks of predominately male occupations: business, politics, the professions, and sport. This pioneering collection by experts in a variety of disciplines combines theoretical discussions with historical and contemporary case studies to offer a fresh vista on how gender has influenced and redefined today's notions of leadership and power. The provocative essays cover a broad range of topics, including the Boston Women's Health Book Collective, global perspectives on women's environmental activism, mothering as a catalyst to social activism, and women in the enclaves of veterinary medicine and sports.

*Women of Power* Torild Skard, 2015-03-09

At a time when a woman, Angela Merkel, is arguably the most powerful leader in Europe and another Hilary Clinton continues to be at the center of the US political stage, it seems that women have broken through the glass ceiling and begun to populate the highest offices of the political world. *Women of Power* is a testament to that accomplishment, offering the most comprehensive overview of female presidents and prime ministers to date. Looking at over fifty countries and over seventy women leaders since 1960, Torild Skard herself, an experienced politician, examines how and why these women rose to the top and what their leadership has meant for women's empowerment throughout the latter half of the twentieth century. Skard examines the achievements and life stories of the world's female leaders up to the current era. She offers nuanced portraits that draw on a number of materials, including many interviews that she conducted herself. All of the women discussed are organized by both chronology and geography, and Skard includes a number of helpful chapters that provide an overview and assessment of how different women leaders have come to power in different regions. Overall, the book provides a fascinating account of women's empowerment as it has manifested itself at the very top of the political hierarchy.

**Woman Under the Law** Alvah L. Stinson, 1914

**The Trouble with Women in Power** Dominique Gaulme, 2021-02-16

An important contribution to the contemporary discussion of gender and power, this work presents more than eighty women who, in the face of significant obstacles, acted courageously to change the world. From Cleopatra to Angela Merkel, Harriet Tubman to Eva Peron, and Empress Dowager Cixi to Joan of Arc, this book focuses on powerful women who changed the course of history across the centuries and around the globe. Leaders of military operations, activists for social change, iron-fisted rulers, or the voice of the

people these strong willed women continue to fascinate and inspire From the warrior Queen Nzinga and her Amazonian guards to Native American health advocate Wilma Pearl Mankiller or from the androgynous Sultan Razia to the daring Virgin Queen Elisabeth I these complex women engraved their names into the chronicles of history The text richly illustrated by portraits photographs and mythical scenes recounts their stories reframes how they have been represented and remembered and highlights the attributes of their power Few women leaders have gained and retained places of power throughout history In order to overcome misogyny archaic laws governing inheritance and the constraints of religious fervor the women featured here incarnate exceptional determination and strength of character Revered and reviled in equal measure their stories often riveting tales of courage in the face of injustice offer an alternate perspective on the traditional histories of courage vision and leadership
