## **Women As Christ's Disciples:**

*Women as Christ's Disciples* Boyd Luter, Kathy McReynolds, 2003 When we think of New Testament disciples it is not usually women who come to mind but they should Women were Christ's earliest disciples but they seem to have been largely ignored by the conservative Protestant church as being something for the radical feminist fringe Boyd Luter and Kathy McReynolds use examples of women during Christ's ministry and from the early church to develop a pattern of discipleship for women today In doing so they set out to show how to radically affect the effectiveness of the whole church These first women disciples were strong and courageous and were models for today's Christian woman Isn't that how you want to be seen

**Women Remembered** Helen Bond, Joan Taylor, 2022-03-17 Do you think that Jesus only surrounded himself with men Think again Inspired by their popular Channel 4 documentary *Jesus Female Disciples* historians Helen Bond and Joan Taylor explore the way in which Mary the mother of Jesus Mary Magdalene Mary Martha and a whole host of other women named and unnamed have been remembered by posterity noting how many were silenced tamed or slurred by innuendo though occasionally they get to slay dragons *Women Remembered* looks at the representation of these women in art and the way they have been remembered in inscriptions and archaeology And of course they dig into the biblical texts exposing misogyny and offering alternative and unexpected ways of appreciating these women as disciples apostles teachers messengers and church founders At a time when both the church and society more widely are still grappling with the full inclusion and equality of women this is a must read for anyone interested in the historical and cultural origins of Christianity

**Female Disciples** Cheryl Rhodes, 2021-01-04 The female disciples were a good number and a mixed lot We don't know how many that isn't recorded Like the male disciples only few names are documented These four female disciples have been chosen as representative of the range of their stations in life It was a custom for women in Jesus's time to support a rabbi in his work But no rabbi taught women as Jesus taught His female disciples They were allowed to sit at His feet and travel with Him while He taught and answered their questions He engaged them in The Work with Him Their devotion and faithfulness was testimony to His time with them Why did Jesus have to go through Samaria Why was Jesus tired and His disciples were not Since when did it take twelve to buy lunch for thirteen Jesus had a divine appointment with Photini After losing five husbands she had no friends until Jesus He gave her the love place purpose and security for which she longed Hollywood gave her name to Herodias's daughter But Salome was a fisherman's wife sister to Jesus's mother Mary mother of James and John and most importantly a disciple of The Christ Ambitious for her sons she was devoted standing at the foot of His cross as they crucified Him Martha from Bethany and her sister Mary were known for hospitality and their interest in The Way Sometimes too busy with serving she only needed more time with The Master Martha and Mary learned that each is an image bearer of The Creator through their God-given personalities calls and gifts Oppressed by seven demons Jesus delivered Magdalene giving her joy and freedom In return she followed Him faithfully to her death Jesus made

her His choice to be the first to see Him raised from the dead He sent her to His disciples to tell them the news She never stopped telling others

**Staging Christ's Passion in Eighteenth-Century Nahua Mexico** Louise M. Burkhart, 2023-06-15 Staging Christ's Passion in Eighteenth Century Nahua Mexico explores the Passion plays performed in Nahuatl Aztec by Indigenous Mexicans living under Spanish colonial occupation Though sourced from European writings and devotional practices that emphasized the suffering of Christ and his mother this Nahuatl theatrical tradition grounded the Passion story in the Indigenous corporate community Passion plays had courted controversy in Europe since their twelfth century origin but in New Spain they faced Catholic authorities who questioned the spiritual and intellectual capacity of Indigenous people and in the eighteenth century sought to suppress these performances Six surviving eighteenth century scripts variants of an original play possibly composed early in the seventeenth century reveal how Nahuas passed along this model text while modifying it with new dialogue characters and stage techniques Louise M Burkhart explores the way Nahuas merged the Passion story with their language cultural constructs social norms and religious practices while also responding to surveillance by Catholic churchmen Analytical chapters trace significant themes through the six plays and key these to a composite play in English included in the volume A cast with over fifty distinct roles acted out events extending from Palm Sunday to Christ's death on the cross One actor became a localized embodiment of Jesus through a process of investiture and mimesis that carried aspects of pre-Columbian materialized divinity into the later colonial period The play told a far richer version of the Passion story than what later colonial Nahuas typically learned from their priests or catechists And by assimilating Jesus to an Indigenous or macehualli identity the players enacted a protest against colonial rule The situation in eighteenth century New Spain presents both a unique confrontation between Indigenous communities and Enlightenment era religious reformers and a new chapter in an age-old power game between popular practice and religious orthodoxy By focusing on how Nahuas localized the universalizing narrative of Christ's Passion Staging Christ's Passion in Eighteenth Century Nahua Mexico offers an unusually in-depth view of religious life under colonial rule Burkhart's accompanying website also makes available transcriptions and translations of the six Nahuatl language plays four Spanish language plays composed in response to the suppression of the Nahuatl practice and related documentation providing a valuable resource for anyone interested in consulting the original material Comments restricted to single page plays composed in response to the suppression of the Nahuatl practice and related documentation providing a valuable resource

**Women Who Do** Holly J. Carey, 2023-10-24 Meet the women who followed Jesus even when the Twelve failed To be a disciple is to follow Jesus And that requires action But in the Gospels the disciples often falter The Twelve even abandon Jesus at his crucifixion in many of the narratives Yet it is female disciples who remain faithful to Jesus to the end What do we make of this In *Women Who Do* Holly J Carey examines what it means to be a disciple and contends that it is the women who best embody discipleship in the Gospels Carey describes the expectations and social roles for women in first century Greco Roman and Jewish contexts Then she offers a close reading of each of the four Gospels as well as Acts of the Apostles What emerges is a cohesive narrative critical case that the Twelve are not an equivalent group to the disciples In fact the Twelve are set as foils against the faithful active and often nameless disciples who populate the narratives many of whom are women *Women Who Do* is essential reading for students and scholars seeking a fuller understanding of women's roles in Jesus's ministry Carey's argument not only clarifies the narrative of the Gospels but also raises questions about how the church conceives of women's leadership today

**The Other Disciples**, 2026-03 What if Jesus circle of twelve wasn't complete without the women who followed Him We know the names of the twelve men Jesus called as disciples but the Gospels tell another story A closer reading reveals twelve named women who sat at His feet traveled with Him and lived as faithful followers of Christ Their stories are woven through Scripture waiting to be heard again In *The Other Disciples* fifteen women from diverse backgrounds teachers writers psychology professionals and everyday disciples come together to explore these stories through Scripture storytelling and spiritual reflection Each chapter invites readers into a sacred conversation with one of the twelve women who followed Jesus uncovering what her journey means for us today Each disciple's story unfolds through a holistic framework Story A fictional short story brings her experience to life in a modern setting Context Historical and cultural insights illuminate her world Issue A deep look at the themes her life raises for modern readers Jesus Encounter See how Christ met her healed her and called her deeper Spiritual Heritage Explore the theology her story reveals Need Holistically approaching each disciple to understand which encompasses Body Connecting the physiology and neurology of her issue Soul Delving into the psychology of her issue Spirit Discovering insights into what we can learn about God through her story Through these lenses *The Other Disciples* shows that women were never on the margins of Jesus ministry they were at the heart of it Readers will discover The twelve named women who followed Jesus and why their voices still matter Biblical insight blended with storytelling and modern application How discipleship touches every part of life body soul and spirit A rich resource for personal reflection small groups or women's studies A renewed vision of what it means to follow Jesus today
