Women's History of the Christian Church Elizabeth Gillan Muir,2019-01-01 Tracing two thousand years of female leadership influence and participation Elizabeth Gillan Muir examines the various positions women have filled in the church From the earliest female apostle and the little known stories of the two Marys the Virgin Mary and Mary Magdalene to the enlightened duties espoused by the nun the abbess and the anchorite and the persecutions of female witches Muir uncovers the rich and often tumultuous relationship between women and Christianity Offering broad coverage of both the Catholic and Protestant traditions and extending geographically well beyond North America A Women s History of the Christian Church presents a chronological account of how women developed new sects and new churches such as the Quakers and Christian Science The book includes a timeline of women in Christian history over 25 black and white illustrations a glossary and a list of primary and secondary sources to complement the content in each chapter

Women and the Genesis of Christianity Ben Witherington (III),1990-06-29 This book presents in as clear a way as possible the New Testament material dealing with women and their roles in the context of the movement Jesus began Dr Witherington begins by illustrating the roles of women in Judaism in the Hellenistic world and in the Roman Empire She goes on to show how Jesus broke significantly with convention in the way he viewed women and their roles offering as he did a wholly new conception of the legitimate rights of women in society An analysis follows of the apostle Paul s attitude toward women which shows how he agreed with and differed from the ideas of his contemporaries The concluding chapters discuss the evangelists whose selection and presentation of material with respect to women casts much light on the early Church s understanding of women and their roles This comprehensive survey which avoids slanting its material to serve a modern patriarchal or feminist bias comes to the exciting conclusion that we can see in the New Testament an attempt to reform the patriarchal orientation of the day

Interpreting Life Patricia C. Burke,2011-03-25 Interpreting Life depicts one Christian woman s struggle to determine her place in the home and church as the traditional

roles of the 1950s gave way to the chaos created by the social movements of the 1960s and 1970s Burke's lengthy journey brought her from a state of confusion to a conscious awareness of the effects of her cohort conservative religious beliefs and close relationships on her personal and spiritual development From childhood she worshipped with a church where submission scriptures in the New Testament were taken literally and women were not allowed to participate in any public leadership roles such as leading prayers and songs teaching adults or preaching As society changed and women gradually acquired leadership roles in other organizations these church practices became more stifling preventing many conservative women from using their God-given talents Because of her marriage to a minister where she felt her family was living in a glass house it became exceedingly frustrating to adhere to traditional religious values Throughout this process their marriage relationship was repeatedly challenged but their commitment to each other and the church helped them resolve their differences and work together to reinterpret women's roles in the church Journal writing was the technique used to make sense of the contradictions and internal conflict experienced as this Christian woman attempted to remain faithful to her religious beliefs and yet develop to her full potential Excerpts from over thirty years of writing reveals the strategies Burke employed to remain positive and productive as family and church priorities took precedent over her own dreams

Liberating Tradition Kristina LaCelle-Peterson, 2008-04 Offers a clear perspective on the issues Christian women face in the twenty first century and shows how the Bible is a liberating and enriching book for women **50 Women Every Christian Should Know** Michelle DeRusha, 2014-09-16 Throughout history countless women have boldly stepped out in faith and courage leaving their indelible mark on those around them and on the kingdom of God In lively prose Michelle DeRusha tells their stories bringing into focus fifty incredible heroines of the faith From Catherine of Siena Teresa of Avila and Anne Hutchison to Susanna Wesley Harriet Tubman and Corrie ten Boom women both famous and admirable live again under DeRusha's expert pen These engaging narratives are a potent reminder to readers that we are not alone the battles we face today are not new and God is always with us in the midst of the struggle **Liberal Christianity and Women's Global Activism** Amanda Izzo, 2018-01-30 Religiously influenced social movements tend to be characterized as products of the conservative turn in Protestant and Catholic life in the latter part of the twentieth century with women's mobilizations centering on defense of the traditional family In Liberal Christianity and Women's Global Activism Amanda L Izzo argues that contrary to this view liberal wings of Christian churches have remained an instrumental presence in U S and transnational politics Women have been at the forefront of such efforts Focusing on the histories of two highly influential groups the Young Women's Christian Association of the USA an interdenominational Protestant organization and the Maryknoll Sisters a Roman Catholic religious order Izzo offers new perspectives on the contributions of these women to transnational social movements women's history and religious studies as she traces the connections between turn of the century Christian women's reform culture and liberal and left wing religious social movements of the 1960s and 1970s Izzo suggests that shared

ethical theological and institutional underpinnings can transcend denominational divides and that strategies for social change often associated with secular feminism have ties to spiritually inspired social movements

Half the Church Carolyn Custis James, 2011-04-19

Women comprise at least half the world and usually more than half the church but so often Christian teaching to women either fails to move beyond a discussion of roles or assumes a particular economic situation or stage of life This all but shuts women out from contributing to God s kingdom as they were designed to do Furthermore the plight of women in the Majority World demands a Christian response a holistic embrace of all that God calls women and men to be in

his world The loudest voices speaking into women s lives in the twenty first century thus far come from either fundamentalist Islam or radical feminism And neither can be allowed to carry the day The Bible contains the highest possible view of women and invests women s lives with cosmic significance regardless of their age stage of life social status or culture Carolyn Custis James unpacks three transformative themes the Bible presents to women that raise the bar for women and calls them to join their brothers in advancing God s gracious kingdom on earth These new images of what can be in Christ free women to embrace the life God gives them no matter what happens Carolyn encourages readers with a positive kingdom approach to the changes challenges and opportunities facing women throughout the world today

Women in Ministry James B. De Young, 2010-02-01 The role of women in the church is an ongoing concern among Christians both in the West and in the developing world The discussion usually falls into the broad views of complementary and egalitarian positions The former view considers the role of women to be restricted at least in the one area of teaching authoritatively a whole congregation as an elder or pastor The egalitarian view places no restrictions on the role of women anywhere whether in or out of the church In this book the author challenges both views He proposes a paradigm representing a biblical world view that acknowledges the influence of biblical authority culture and the increasing actualizing of equality in Christ that the Gospel proclaims He cites the observance of the Sabbath that was once universally authoritative based in Creation but no longer is as a parallel for developing an understanding of the role of women in the church Where does his proposal lead His conclusion is surprising

Early Christian Women and Pagan Opinion Margaret Y. MacDonald, 1996-10-03 A study of how women figured in public reaction to the church from New Testament times to the second century CE MacDonald shows the conviction of pagan writers that female initiative was central to Christianity's development and the belief that women inclined toward excesses in religion Concern in the New Testament and early Christian texts about the respectability of women is seen in a new light when one appreciates that outsiders focused on early church women and their activities as a reflection of the group as a whole
