source of the religion of Islam is the Qur'an. Some people and communities known as Muslims on earth adopted the views and understandings of some others as a religion by leaving the original messages of the Qur'an. Hence intolerable problems among themselves and in their relations with non-Muslims have emerged and still continue to emerge. Islam expounded by the Qur'an is very different from what it appears, particularly what the non-Muslims see on those people who claim to be Muslims. When you read the English interpretation of the Qur'an which is the source of the religion of Islam, you will know the Qur'an and the religion of Islam more closely.

The Good and Beautiful You James Bryan Smith, 2022-05-31 Christian faith is about more than belief and practices; it is also about the kind of people we become. This Good and Beautiful Series book addresses the toxic self-narratives that hinder spiritual growth, reminding us how Scripture reveals the beauty of our own souls and serving as a companion as you discover who you truly are in Christ.

It's All About Relationship Part One Dominic John Lewis, 2014-08-30 Everything in life is built on the foundation of relationships. We engage in relationships we are surrounded by and we thrive in and through relationships. Relationships seem to be at the core of our everyday life. Yet how did the world and individual people become so rooted in relationships? In this compelling book, you will be taken on a journey to discover the original blueprint for relationships and the reason why they are at the core of everyday life. As we take this journey, you will discover amongst other things: The purpose of relationships, Who we were created to be, How our choices impact our life's outcomes and relationships, The original marital design, The original purpose and role of a woman, How God sees us and how we should see ourselves. In this powerful first of two books, Dominic John Lewis reveals a God that went to extreme lengths for that which was precious to Him: love and relationship. In addition, you will also discover how God sees you and how you should see yourself. This book will change the way you see life, love, relationships, God, and yourself. You will discover that it's all about relationship.

K. Stead, 2011-08-31 Will appeal to lovers of the wayward novel game as it is played by Lawrence Sterne or Italo Calvino. Jackie Wullschlger, Financial Times Professor Harry Butler is obsessed with the Mind-Body problem. Unfortunately, this is not the least of his problems. Harry's wife has turned his study into a Sufi shrine where she sits cross-legged and chants for hours on end: I am not this body. And Harry doesn't know it yet, but the Drug Squad have taken up residence in his kitchen so as to observe the movements of his neighbours and their visitors. Among these visitors photographed by the drug squad is one of his oldest friends. And living next door is a woman Harry may have had an encounter with in Singapore. The University is no escape from these complications on the domestic front. Harry's relationship with a student is causing concern among the Philosophy Department Women's Collective. Some of his colleagues also suspect him of going astray academically. The story takes place in Auckland, New Zealand. But who is telling the story? Why is he in Europe? Why does he keep moving from one city to another and why does he seem to require the presence of a certain Uta?
