## Words For The Wise:

**A Collection of Sermons for Every Occasion** George Thompson, 2014-01-08 Two elements are vital in preaching a sermon the correct blending of the sermon and the actual act of preaching Gospel sermons must be prepared to meet all the needs of humankind We should explain our sermons so that the audience could understand We should use strong verbs and short sentences To enjoy the fullness of Gods blessings of protection deliverance and security the people of God need to digest divine sermons The sooner we understand that God is the one who has the final authority over all the better off we will be Avoid wasting a lot of energy worrying about things that are already under his control God is still at work Mankind should seek every opportunity to be converted The term conversion refers to the human response to the gospel Conversion requires the commitment of the total personality intellect emotion and will This is how people respond to the message of the gospel when they understand the nature of Christs atonement They feel the guilt of conviction love God and surrender their wills to the offer of salvation Satans forces of darkness are highly structured for the most destructive purposes Therefore sermons with spiritual strength and courage are needed for our spiritual warfare If you want to win the struggle against sin depression evil thoughts immoral behavior and demonic bondage then submit to divine sermons If we are not listening to divine sermons we will drift off Gods pathway and be controlled by the old nature and its appetites *The End of Wisdom* Martin A. Shields, 2006-06-30 Through the ages the book of Ecclesiastes Qoheleth has elicited a wide variety of interpretations Its status as wisdom literature is secure but its meaning for the religion of the Hebrew Bible and its heirs has been a matter of much debate The debate has swung from claiming orthodoxy for the book to arguing that the message intended by its author is heterodox in its entirety There are a number of passages in the book that present difficulties for any comprehensive approach to the work Martin Shields here fully acknowledges the heterodox nature of Qoheleth s words but offers an orthodox reading of the book as a whole through the eyes of the author of the epilogue After a survey of attitudes regarding wisdom in the Hebrew Bible itself which serves as an orientation to the monograph as a whole Shields provides a detailed study of the epilogue Qoh 12 9 14 which he believes is the key to the reading of the remainder of the book He then addresses various problematic texts in the book in light of this perspective arguing that the book could originally have functioned as a warning to students against joining a wisdom movement that existed at the time of the book s composition Qoheleth is presented as a true adherent of this movement and the divergence of his words from the theism presented in the rest of the Hebrew Bible becomes the basis of the epilogue s critique Finally Shields proposes a historical context in which just this scenario may have arisen showing that the desire of the writer of the epilogue is to correct a wayward wisdom tradition *The Englishman's Hebrew and Chaldee concordance of the Old Testament* [based on the unpubl. work of W. De Burgh, ed. by G.V. Wigram.]. George Vicesimus Wigram, 1860 **The Bible Text Cyclopaedia: a Complete Classification of Scripture Texts in the Form of an Alphabetical Index of Subjects.** By Rev.
