*Musical Wordsworth* Yimon Lo, 2023-02-15 In his Essay of 1815 Wordsworth asserts that a pure and refined scheme of harmony must prevail in all higher poetry This idea of a structured and complex form of harmony was similarly noted earlier in *The Prelude* 1805 where Wordsworth famously claimed that the human mind is framed even like the breath And harmony of music *Musical Wordsworth* presents an original understanding of Wordsworthian harmony by examining an organised but dynamic sense of musicality that shapes his poetic theory and practice This book is the first study to draw on music psychology and aesthetics to interpret the function and mechanism of Wordsworth's aural structure and movement Engaging with scholarship from the fields of literature and music it defines Wordsworth's poetry and the imagination through musical conceptions and establishes various modes and forms of poetic listening as experiences of musical performance and appreciation Each chapter explores a pair of musical abstractions Lyricism and Musicality Breath and Harmony Repetition and Resonance Expectation and Surprise Rhythm and Dynamics Rest and Silence *Musical Wordsworth* will be of interest to students and researchers of Romantic poetry long nineteenth century literature and music *Wordsworth's Monastic Inheritance* Jessica Fay, 2018-04-27 This is the first extended study of Wordsworth's complex subtle and often conflicted engagement with the material and cultural legacies of monasticism It reveals that a set of topographical antiquarian and ecclesiastical sources consulted by Wordsworth between 1806 and 1822 provided extensive details of the routines structures landscapes and architecture of the medieval monastic system In addition to offering a new way of thinking about religious dimensions of Wordsworth's work and his views on Roman Catholicism the book offers original insights into a range of important issues in his poetry and prose including the historical resonances of the landscape local attachment and memorialization gardening and cultivation Quakerism and silence solitude and community pastoral retreat and national identity Wordsworth's interest in monastic history helps explain significant stylistic developments in his writing In this often neglected phase of his career Wordsworth undertakes a series of generic experiments in order to craft poems capable of reformulating and refining taste he adapts popular narrative forms and challenges pastoral conventions creating difficult austere poetry that he hopes will encourage contemplation and subdue readers' appetites for exciting narrative action This book thus argues for the significance and innovative qualities of some of Wordsworth's most marginalized writings It grants poems such as *The White Doe of Rylstone* *The Excursion* and *Ecclesiastical Sketches* the centrality Wordsworth believed they deserved and reveals how Wordsworth's engagement with the monastic history of his local region inflected his radical strategies for the creation of taste *Words Worth Repeating* Sheila Reed, 2010-05 [Poetic Language](#) Tom Jones, 2012-07-04 In a series of 12 chapters exemplary poems by Walter Raleigh John Milton William Cowper William Wordsworth Gerard Manley Hopkins Wallace Stevens Ezra Pound Frank O'Hara Robert Creeley W S Graham Tom Raworth Denise Riley and Thomas A Clark **Wordsworth's Counterrevolutionary Turn** John Rieder, 1997 Arguing throughout

that Wordsworth's originality springs from his invention and elaboration of a peculiarly literary form of community Rieder maintains that the didactic element in Wordsworth's concept of community was doomed to irrelevance by the course of English economic and social development Yet Wordsworth's writing became enormously influential not by virtue of the agrarian community it envisioned but rather by virtue of the literary form of community it modeled and produced in its dissemination *Outlook* Alfred Emanuel Smith, Francis Walton, 1920 **Wordsworth's Poetic Theory** Stefan H. Uhlig, Alexander Regier, 2010-01-15 Wordsworth's verse and compelling criticism have shaped our understanding of poetic art since the Romantic period This collection is the first in years to reexamine Wordsworth's complex theory of poetry in depth Designed to be equally useful and inspiring it provides much needed reassessments of a vital juncture of Romantic creativity Bulletin American Institute of Banking, 1906 *The Outlook* Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1920 **Words Worth Repeating** Dred Johnson, 2000-09-01 Wordsworth's Hawkshead Thomas William Thompson, 1970 **The Fortnightly**, 1902 Words Worth Repeating Students at Bowdon High School, 2012-05-01 In these pages are our letters to the world full of our joy and sadness our dreams and nightmares our hopes and disappointments our laughter and tears This collection is dedicated to the parents friends and teachers who have given us the inspiration and courage to put them into print for all to see Special thanks to the Cherokee Rose Writing Project which supplied the inspiration and motivation for the Writer's Workshop class at Bowdon High School *Great Astronomers* Robert Stawell Ball, 1901 *Newark School Bulletin*, 1924 *The Defender*, 1909 Words Worth Repeating, 2001-01-01 **The Athenaeum**, 1878 Baily's Magazine of Sports and Pastimes, 1889 *Diary, Reminiscences, and Correspondence*,.
