Our Own Time David R. Roediger, Philip S. Foner, 1989-11-17 Our Own Time retells the story of American labor by focusing on the politics of time and the movements for a shorter working day It argues that the length of the working day has been the central issue for the American labor movement during its most vigorous periods of activity uniting workers along lines of craft gender and ethnicity The authors hold that the workweek is likely again to take on increased significance as workers face the choice between a society based on free time and one based on alienated work and unemployment

*Latin America's Turbulent Transitions* Roger Burbach, Michael Fox, Federico Fuentes, 2013-02-14 Over the

past few years something remarkable has occurred in Latin America For the first time since the Sandinista Revolution in Nicaragua in the 1980s people within the region have turned toward radical left governments specifically in Venezuela Bolivia and Ecuador Why has this profound shift taken place and how does this new so called Twenty First Century Socialism actually manifest itself What are we to make of the often fraught relationship between the social movements and governments in these countries and do in fact the latter even qualify as socialist in reality These are the bold and critical questions that Latin America s Turbulent Transitions explores The authors provocatively argue that although US hegemony in the region is on the wane the traditional socialist project is also declining and something new is emerging Going beyond simple conceptions of the left the book reveals the true underpinnings of this powerful transformative and yet also complicated and contradictory process

**Radical Chains** Chris Nineham,2023-05-26 At a time of almost unimaginable inequality the mainstream still tries to ignore class Radical Chains Why Class Matters argues that denial of class is no coincidence but in fact central to the system s survival Exploring largely ignored histories of struggle and challenging the many myths about class today Radical Chains puts forward the case that it is time to place class once again at the centre of emancipatory politics
