An Agenda for the Western Balkans offers a critical view on issues that have been over-analyzed in mainstream terms and opens a discussion that will occupy researchers and practitioners for years to come. It addresses novel topics and engages in innovative approaches that cut across disciplines of social sciences, political science, international relations, sociology, historiography, geography, political economy, and levels of analysis: local, national, regional, European, global. This collection is a pioneer theoretical and practical guide towards a sustainable future for the Western Balkans. *Bioactive Compounds in Edible Mushrooms* Sylvester Chibueze Izah, Matthew Chidozie Ogwu, Muhammad Akram, 2025-05-28 This handbook offers a comprehensive perspective of edible mushrooms, phytochemistry, and explores the application of bioactive compounds from fungi in nutrition, medicine, and environmental sustainability.
