When Arcade Publishing originally contracted this extraordinary collection of poetry and literature the Department of the Treasury was attempting to censor the publication of works from countries on America's enemies list. Arcade along with the PEN American Center, the Association of American Publishers Professional and Scholarly Publishing Division and the Association of American University Presses filed a lawsuit in federal court against the United States government. Their landmark case forced the Office of Foreign Assets Control to change their regulations regarding editing and publishing literature in translation and Arcade is proud to reissue this anthology that showcases the developments in Iranian literature over the past quarter century. Since the Iranian revolution of 1979 the United States has been virtually cut off from that country's culture. Despite severe difficulties imposed by social, political and economic upheavals as well as war repression and censorship a veritable cultural renewal has taken place in Iran over the past quarter century not only in literature but in music, art and cinema. Over forty writers from three generations contributed to this rich and varied collection or to use the Persian term *golchine* a bouquet one that provides a much needed window into a largely undiscovered branch of world literature. In the wake of the Green Revolution and sweeping changes in the region this particular *golchine* is more relevant than ever and will bring literary enjoyment as well as a fuller understanding of a complex and ever shifting culture.

Muslim Diaspora Haideh Moghissi, 2007-01-24 Muslim Diaspora identifies those aspects of migratory experience that shatter or reinforce a group's attachment to its homeland and affect its readiness to adapt to a new country. The contributors to this collection examine many dimensions of life in the Diaspora and demonstrate that identity is always constructed in relation to others. They show how religious identity in diaspora is mediated by many other factors such as Gender, Class, Ethnic origin, National status. A central aim is to understand Diaspora as an agent of social and cultural change particularly in its transformative impact on women. Throughout the book advances a more nuanced understanding of the notions of ethnicity, difference and rights. It makes an important contribution to understanding the complex processes of formation and adoption of transnational identities and the challenging contradictions of a world that is being rapidly globalized in economic and political terms and yet is increasingly localized and differentiated ethnically and culturally. Muslim Diaspora includes contributions from outstanding scholars and is an invaluable text for students in sociology, anthropology, geography, cultural studies, Islamic studies, women's studies as well as the general reader.

**Iranian Refugees and Exiles Since Khomeini** Asghar Fathi, 1991      *In a Persian Mirror* M. R. Ghanoonparvar, 1993 This study of Iranian images of the West offers many surprising discoveries for Western readers not least of which is the fact that Iranians have often found Westerners to be as enigmatic and incomprehensible as we have believed them to be. And as the Iranian writers describe our alien culture they

naturally offer glimpses into their own worldviews that can only increase Western understanding of their culture BOOK
